Attention: Mr. Jack McNally, Business Manager

Gentlemen:

Letter Agreement 85-25-PGE established a Utility Foreman's Clerk (0254) position in Quincy by reclassifying a Materials Leadman position and placing the incumbent in the new position. Letter Agreement 85-25 did not list the qualifications for this position.

This Utility Foreman's Clerk has materials responsibilities which include managing a small warehouse and operating a forklift. Normally materials positions require passing the typing test at 25 words per minute, passing the Clerical Test Battery and passing the Forklift Operator Test. In addition, the Physical Test Battery is required for the Foreman's Clerk position.

The company proposes that the requirements for this Utility Foreman's Clerk position will be to pass the Physical Test Battery, the Clerical Test Battery, and the Forklift Operator Test.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided and return one executed copy of this letter to the Company.

Very truly yours,

PACIFIC GAS & ELECTRIC COMPANY

By: 
Chief Negotiator

The Union is in accord with the foregoing and agrees thereto as of the date hereof.
