Local Union 1245
International Brotherhood of
Electrical Workers
P. O. Box 4790
Walnut Creek, CA 94596

Attention: Mr. Jack McNally, Business Manager

Gentlemen:

This proposal cancels and supercedes Union's proposal of July 11, 1989 on this matter.

In order to resolve Review Committee Case No. 1666-88-8 that has been referred to Ad Hoc Negotiations, Company proposes that the current classification of "1035 Utility Inspector (PIO)" be modified to "1035 Utility Inspector (Golden Gate Region only)".

The present classification and job duties were established to perform the tasks in question in the subject review case and, therefore, it is logical that this application should be extended on a permanent basis to any employee performing such work in the Electric Department. Mark and locate work performed by the Gas Department will be assigned to appropriate Gas Department classifications.

In addition, Company proposes that the issue of compensation be remanded to the Local Investigating Committee with the Review Committee maintaining jurisdiction.

The foregoing would resolve and close Review Committee Case No. 1666-88-8.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to the Company.

Very truly yours,

PACIFIC GAS AND ELECTRIC COMPANY

By Richard B. Bueck
Manager of Industrial Relations

The Union is in accord with the foregoing and it agrees thereto as of the date hereof.
