Attention: Mr. Jack McNally, Business Manager

Gentlemen:

Pursuant to the provisions of Section 304.4, Company proposes to clarify the job duties of the Metalman classification (1450) as utilized in the Civil-Hydro Construction Department and to change the wage progression from a 48-month to a 30-month progression, with a 36 month rate for the previous incumbents only.

In keeping with consistent past practices, the Metalman classification will be utilized when the following work is performed:

1. Installation of reinforcing steel at elevations requiring the use of safety belts consistent with Pre-Review Committee Decisions 269 and 494.
2. Work on metal flumes and on the assembly of metal flume substructures.
3. Work on the construction of pre-engineered metal buildings.

Commensurate with this classification's specific job duties and in comparison with other similar classifications' job duties and wage rates, the current 48-month wage progression has been agreed to be adjusted to a 30-month progression for all employees entering the classification.

### 1987 Rates
