Local Grievance No. NOV-92-26

ERIC NELSON
Company Member
Local Investigating Committee

MICKEY HARRINGTON
Union Member
Local Investigating Committee

The above referenced grievance was referred to the 88-104 Committee established by Letter Agreement 93-11-PGE. The specific issue in dispute is contracting the installation of shunt spices on a transmission line. The Committee agreed that this is work normally performed by the bargaining unit. In rendering this decision, the Committee is not addressing the issue of use of a helicopter as the mode of transportation to perform the work. The decision is based on the work performed.

This case is referred back to the Local Investigating Committee for resolution.
