North Bay Division Grievance No. D.Gr/C 4-73-39
Transfer to Groundman, W. C. Gully
P-RC 19

February 11, 1974

MR. F. DE GENNARO, Chairman
North Bay Division
Joint Grievance Committee

The above-subject grievance has been reviewed prior to its docketing on the agenda of the Review Committee. It appears that this grievance was first filed in May of 1972 and subsequently settled on the basis of Company's answer to the grievance. The same issue which included an apparent failure on the Division's part to comply with the earliest basis for settlement was again grieved in October of 1973, and this is the grievance referred to the Review Committee.

If this is the case, the grievance is not timely and the Review Committee will not accept it. However, in reviewing the case, it appears to the Review Committee that the problem can be resolved by placing Mr. Gully in a Helper's classification, Water Department, in Willits, at the earliest possible date. By doing this, the ACT test requirement is no longer at issue.

This case is being returned to the Division for closure and should be so noted in the minutes of your next Joint Grievance Committee meeting.
