RE LETTER OF  
SUBJECT

Coast Valleys Division Grievance No. LIC 18-74-4 - P-RC 139  
Senior Control Operators Presenting Classroom Training

February 13, 1975

MR. D. W. PHIPPS, Chairman  
Coast Valleys Division  
Joint Grievance Committee

The above-subject grievance has been reviewed by the Pre-Review Committee prior to its docketing on the agenda of the Review Committee and is being returned to the Joint Grievance Committee for settlement in accordance with the following:

The case involves the Senior Control Operators at Diablo Canyon Power Plant presenting classroom-type training to other employees at the Plant. The record indicates that the primary objections for doing this work are (1) not accustomed to speaking before a group and become nervous, and (2) the grievants do not like to correct tests of fellow employees. With these being the principle issues in dispute, the Pre-Review Committee agrees that they are not contract violations of the Job Definition of Senior Control Operator as outlined in Section 600.3, Exhibit VI-B, Division Steam Generation Department.

When a settlement is reached by the Joint Grievance Committee, the Review Committee should be sent a copy of the final disposition.

L. V. BROWN, Chairman  
Review Committee
