The above-subject grievance was returned to the Local Investigating Committee on February 21, 1979, with recommendations for settlement. The Local Investigating Committee on reconvening was unable to resolve this grievance and has returned it to the Pre-Review Committee.

Upon further review of this case, the Pre-Review Committee agrees to settle on the following basis: The named grievants will be compensated at the rate for Materials Man, which is next higher to their rate as Machine Operators, for the time noted in the Joint Statement of Facts in which they were involved in removing and replacing the storage racks.

On the basis of the above, this case is considered closed, and the closure should be so noted by the Local Investigating Committee.
