- DECISION
 LETTER DECISION
 PRE-REVIEW REFERRAL

General Construction Grievance No. 3-377-78-28
P-RC 434
Bypass of Working Foreman B

August 23, 1979

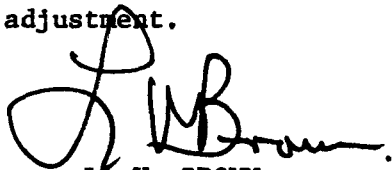

MR. W. FUNABIKI, Company Member
General Construction Department
Joint Grievance Committee

The above-subject grievance was referred to the Review Committee on January 24, 1979.

In reviewing the file, the Pre-Review Committee notes that the record contains a great deal of information that purports to establish or refute the Department's contention that the assignment required the appointee to have welding experience. The record further admits that the grievant had no welding experience; however, the grievant had, in the past, supervised journeyman Welders.

The Pre-Review Committee could not, in any event, for the reasons that follow, effect a favorable decision to the grievant. It is noted that the grievant resigned July 28, 1978, after the grievance was filed, and as the Committee has been unable to make contact with the grievant, as of the date of this decision, the Committee will, therefore, not pursue the matter further.

Please indicate in your records that the case is closed without adjustment.
