Fact Finding Committee No. 1137-79-78
P-RC 459
Revocation of Company Driver's License, Lineman

August 24, 1979

Local Investigating Committee

MR. A. L. BAKER, Union Member
Drum Division
Local Investigating Committee

The above-subject grievance has been discussed by the Pre-Review Committee prior to its docketing on the agenda of the Review Committee and is being returned, pursuant to Section I B(1) of the Review Committee procedure, to the Local Investigating Committee for settlement in accordance with the following:

This case involves the Company's revocation of a Company driver's license for a Lineman, Drum Division, following his involvement in an automobile accident. This employee had previously been involved in an accident in September, 1976.

The Committee notes that following the September, 1976, accident, the employee received no formal disciplinary action other than an oral counselling. Based on the facts surrounding the present incident, the Committee concludes that revocation of the employee's Company driver's license for this latest incident is inappropriate, and it shall be restored to him.

This case is considered closed on the basis of the foregoing, and the closure should be so noted by the Local Investigating Committee.
