General Construction 3-551-79-40
Pre-Review Committee No. 493
Alleged Denial of Upgrade

December 2, 1980

MR. R. S. BAIN, Chairman
General Construction
Joint Grievance Committee

Statement of the Case

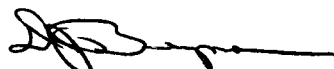

The grievance involves 9 working days when the grievant, a working Foreman C, supervised a welder on his crew for portions of each working day. He seeks a upgrade to working Foreman B.

Discussion

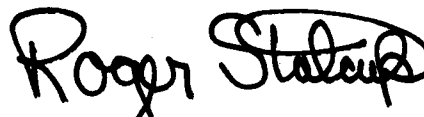

Although the case involves other questions relative to the work assignment of the Working Foreman C's crew, the essential question in this case is whether the addition of the welder on a parttime basis entitled the grievant to an upgrade to Working Foreman B.

Decision

It is the opinion of the Pre-Review Committee that the grievant is entitled to the higher rate of pay during the days set forth above for the time that the welder was assigned to his supervision. The Department will review the time records to determine the appropriate pay adjustment and procure the necessary authorizations to make the retroactive adjustment.
