Materials Distribution Grievance No. 21-94-79-23
P-RC 535
Fact Finding Committee No. 1450-80-23
Plant Maintenanceman Allegedly Performing Machinists' Duties

June 23, 1980

MR. J. E. MC CAULEY, Union Member
Materials Distribution
Local Investigating Committee

The above-subject grievance has been discussed by the Pre-Review Committee prior to its docketing on the agenda of the Review Committee and is being returned, pursuant to Section IB(2) of the Review Committee procedure, to the Local Investigating Committee for settlement in accordance with the following:

At issue in this case, is the use of a lathe by a Plant Maintenanceman in the Materials Distribution Shop in Emeryville. The Union claims that such work properly belongs to Machinists and asks that Plant Maintenancemen not be allowed to perform such work. In this case, the Plant Maintenanceman used the lathe to make a part in order to repair a fan on which he was working. The Plant Maintenanceman, prior to working in Emeryville, was located at the Decoto Pipe Yard where he had used a lathe on a regular basis to perform his work.

After considerable discussion, the Company stated that it was not its intent to use the Plant Maintenanceman to replace a Machinist, nor would he be required to do Machinist's work.

On that basis, this case is considered closed, and the closure should be so noted by the Local Investigating Committee.
