Union Member
Local Investigating Committee

Grievance Issue:

The Grievant, a Fieldperson with 25 years of Company service was issued a DML for a Mark and Locate mis-mark which resulted in a dig- in and for work procedure errors.

Facts of the Case:

The Grievant is a Fieldperson with 25 years of Company Service and at the time of the DML had no active discipline on file.

The Grievant had two years of Mark and Locate experience and has held the Fieldperson classification for approximately three years.

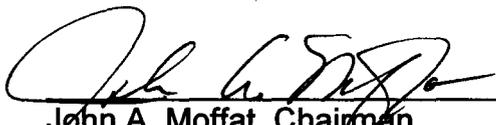

On August 28, 2009 the Grievant improperly marked facilities resulting in a contractor dig-in on September 24, 2009.

After responding to the dig-in the Grievant failed to follow proper procedures as outlined in WP4100-11. The Grievant created an unsafe situation by drilling into the gas line with an unapproved tool and extended the time of the repair.

The Grievant was issued the DML on November 20, 2009.

Discussion and Decision:

The Committee agreed to send this case back to the Local Investigating Committee for resolution.

John A. Moffat, Chairman
Review Committee
