Dear Sir and Brother:

Review Case #41 (Installation and replacement of transformers on single pole structures with three-man crews) has been withdrawn from the Review Committee and is being referred to the Union Safety Committee for their action. The referral is in accord with instructions of Local Union 1245 Executive Board.

Please note that Union members of Review Committee agreed to withdraw this case without prejudicing Union's position in re-submitting the case through the Grievance Procedure.

Please advise Union's members of the Review Committee of the action taken by your Committee and the settlement effected.

Yours fraternally,
