

LOCAL INVESTIGATING COMMITTEE SAN FRANCISCO DIVISION

Bypass of DAVID C. HOOPER
San Francisco Division Grievance #117
Review Committee Case #274

Mr. Hooper was bypassed on Job Vacancies 2-637 and 2-638, Apprentice Fitter, on May 17, 1960. The bypass was based on Section 205.11 of the Agreement.

A grievance was filed on June 20, 1960. The grievance was heard by the San Francisco Division Joint Grievance Committee on October 6, 1960, November 3, 1960 and December 1, 1960, and referred to the Review Committee on December 1, 1960.

The case was referred back to the Division by the Review Committee on March 6, 1961 for further investigation and settlement.

Mr. Hooper is at present enrolled in the Apprentice Fitter Training Program.

As a means of settlement the Local Investigating Committee agrees that Mr. Hooper is to be paid at the one year rate of Apprentice Fitter commencing on May 17, 1961. It is further agreed that regardless of rate of pay he will not be considered at the maximum rate of pay until he has been in the classification of Apprentice Fitter for 18 months.

It is further agreed that at the time Mr. Hooper completes 18 months in the Apprentice Fitter classification, he will have bidding rights on the total time he would have accrued in the classification had he not been bypassed.

It is further agreed that on reaching classification of Fitter a review will be made to determine Mr. Hooper's appropriate bidding rights.
