Review Committee
Pacific Gas & Electric Company

Dear Mr. Thompson:

Union is withdrawing R. C. #305 (General Construction Grievance #269) from the Review file and will consider this case closed. The above action is being taken due to inability to verify the difference of opinion regarding the establishment of "camp conditions" and the adequacy of board and lodging facilities as presented by the record in this case.

While this particular set of circumstances may not occur in the future, it is the position of the Union that our action in this case shall not prejudice the filing of further cases should the same or similar situations occur.

Very truly yours,

L. L. Mitchell, Secretary
Review Committee
