	PCA	
	MSD	
	STR	
	R/S	
	...	

The above subject grievance is herewith referred back to the Department Joint Grievance Committee for further discussion and settlement.

The record submitted to the Review Committee contains a reference to the work performed by the Terminal Operator concerned with this grievance. From this list of duties it would appear that some of the work performed by the grievants is contained in the Job Definition of an Assistant Field Operator. It is therefore recommended that this grievance be referred to the Local Investigating Committee to determine if the grievance may be resolved by creating a dual classification, Assistant Field Operator/Terminal Operator.

V. J. THOMPSON, Chairman  
Review Committee
