Review Committee File no. 383
North Bay Division Grievance No. 4-42

December 10, 1962

MR. D. K. STUART, Chairman
North Bay Division
Joint Grievance Committee

The above subject grievance has been under consideration by the Review Committee. In the course of our discussions the Union members of the Review Committee pointed out that certain materials, which had been introduced to this Committee as part of the record referred by the Division Joint Grievant Committee, had allegedly not been reviewed by the Union's member of the Local Investigation Committee. A specific example of such material is the "example of service calls completed by R. Cranse, which were picked at random from the files."

As it appears that the Local Investigating Committee may not have had the opportunity to review this materials, and as this information appears to be pertinent to the disposition of this grievance. we are returning the grievance for further considerations, and possible settlement.

/s/ V. J. THOMPSON, Chairman
Review Committee
