Mr. L. V. Brown, Chairman
Review Committee
Pacific Gas & Electric Company
245 Market Street
San Francisco 6, California

Dear Mr. Brown:

Reference is made to Review Case #401 (San Francisco Division Grievance #172). With the understanding reached during 1963 negotiations on the extent of rigging to be performed by a Machinist, the incident complained of would be within the scope of the revised definition. The Union, therefore, withdraws the case and will consider it closed.

Very truly yours,

L. L. Mitchell, Secretary
Review Committee
