Review Committee File No. 426  
San Francisco Division Grievance No. 176

This case is withdrawn from the active Review file and Union will consider it closed.

This case is predicated on an agreed Line of Progression which does not appear to support the request. The Company, in the Division, has agreed on the procedures which should have been followed in manning the temporary unit at Hunters Point Power Plant and Union will drop this grievance based on the understanding that the parties will develop a Line of Progression in line with the agreement arrived at within the Division which will take care of this matter in the future.
