Since receiving the above-subject grievance, the Steam Department Job Definitions and Lines of Progression have been revised in such a manner that the issue presented by the grievance will not reoccur in the future. This case then will be closed, without prejudice, by a retroactive adjustment of the grievant's wage to Low Pressure Boiler Repairman from July 5 to July 15, 1966.

After the adjustment is made, it should be noted in the next minutes of the Joint Grievance Committee that the case is closed.
