Rate of Pay When Performing Work in Higher Classification

11-2-67  
~~October 30, 1967~~

MR. E. E. STRAND, Chairman  
San Francisco Division  
Joint Grievance Committee

The above-subject grievance, concerning the proper rate of pay for Gas Meter Shop employees while testing steam condensate meters, was discussed at the last meeting of the Review Committee. If the time spent in such work otherwise qualifies the employees concerned for an upgrade, they are entitled to the Meter Tester rate of pay while testing steam condensate meters. The grievant, or others at this headquarters who would similarly qualify for an upgrade, will be granted a retro-active pay adjustment for the testing performed since April 4, 1967.

This case is considered closed and should be so noted in the minutes of your next grievance meeting.
