Review Committee File No. 826  
Shasta Division Grievance No. 13-68-1  
Bypass of an Employee on a Transfer Application

L.D.

March 13, 1969

MR. A. E. HENDERSON, Chairman  
Shasta Division  
Joint Grievance Committee

The above-subject grievance was received on September 6 by the Review Committee. Since that time we have discussed the employee's work performance with the San Jose Division. It is our understanding that the restrictions they previously placed on the employee have been removed. It is the opinion, then, of the Review Committee that Mr. Parrish is entitled to be considered for a transfer to a beginning classification in the light of his present status.

This case should be discussed further by the Division Joint Grievance Committee and disposed of. The action taken should be noted in the minutes of your next Joint Grievance Committee meeting.

L. V. BROWN

L. V. BROWN, Chairman  
Review Committee
