Review Committee File No. 830
San Joaquin Division Grievance No. 25-68-7
Contesting of Job Vacancy Award, L. D. Dover

RECEIVED
JAN 10 1970

January 5, 1970

MR. L. A. WETTER, Chairman
San Joaquin Division
Joint Grievance Committee

The above-subject Review Committee case has been discussed by the Review Committee members at recent meetings. We are referring the case back to the Division Joint Grievance Committee for settlement and disposition in accord with the following:

Resolution of this case would call on the Review Committee to determine facts that extend back to October of 1962. The Review Committee is of the belief that it could not fairly do so and, in the meantime, both have received Line Subforeman classification, the appointment in controversy here. In view of this, it is the decision of the Review Committee that, without prejudice to the position of either party, the employment records of Mr. Dover and Mr. Dunn will be corrected to reflect Apprentice Lineman classification seniority commencing October 29, 1962.

Following the correction provided for above, this case will be considered closed.
