**Joint Grievance Committee**

The above-subject grievance has been reviewed by the Review Committee and is being returned to the Joint Grievance Committee for settlement in accordance with the following:

It is the understanding of the Review Committee that the job in question was reclassified on July 20, 1972, and subsequently filled as a Clerk C. Also, the work now being done by the Clerk for the Gas Meter Shop will no longer be required when the Meter Shop is phased out later this year. As to the issue of the Clerk performing Physical Bargaining Unit work, the Review Committee is of the opinion that this question need not be answered in view of the above stated circumstances.

With this being the case, the issue in the grievance is moot and the case is considered closed. The closure should be noted in the minutes of your next Joint Grievance Committee meeting.
