Drum Division  
Joint Grievance Committee**

The above-subject grievance has been discussed by the Review Committee and is being returned to the Joint Grievance Committee for settlement in accordance with the following:

It is the Review Committee's opinion that when an Electric Department journeyman is assigned for a work day or more to specifically prepare, coordinate and teach a subject in a classroom where four or more trainees representing various classifications are present, he shall be temporarily upgraded to Subforeman.

In all other situations, it is in keeping with a journeyman's historical relationship to provide training on the job.
