Local Investigating Committee

The above-subject grievance has been discussed by the Review Committee and is being returned to the Local Investigating Committee for settlement in accordance with the following:

The placement of T&D Driver Dale E. Hoskins into the Troubleman's classification on October 7, 1971 was questionable in view of the provisions of Titles 205 and 206 of the Physical Agreement. However, the Review Committee is of the opinion that Mr. Hoskins could, in any event, have been placed directly into a vacant Troubleman classification from his Service Foreman's position under the provisions of Section 206.16 of the Agreement, and for that reason the Review Committee agrees that the issue is moot, therefore, the grievance will be settled without adjustment.

This case is considered closed without prejudice to the positions of either the Company or Union and should be so noted by your Committee.
