Pipe Line Operations Grievance No. D.Gr/C 11-71-3  
Filling 21st Shift at Brentwood Terminal Station

November 19, 1974

MR. R. W. HORTON, Chairman  
Pipe Line Operations  
Joint Grievance Committee

The above-subject grievance has been discussed by the Review Committee and is being returned to the Joint Grievance Committee for settlement in accordance with the following:

The Review Committee has discussed the relief situation at Brentwood Terminal Station numerous times and has met with representatives of Pipe Line Operations to discuss the problem. As a result of these discussions, the Review Committee believes that the parties have a better understanding of the Labor Agreement Clarification, Titles 202, 205 and 208, Utilization of Relief Shift Employees, and coupled with the establishment of a third relief Senior Terminal Operator position at the Antioch and Brentwood headquarters should alleviate this situation from occurring again in the future.

This case is considered closed without adjustment and should be so noted in the minutes of your next Joint Grievance Committee meeting.

L. V. BROWN, Chairman  
Review Committee
