De Sabla Division Grievance No. D.Gr/C 10-73-2  
Use of Hydro Operators for Snow Removal & Road Maintenance

May 19, 1975

MR. S. C. ANDERSON, Chairman  
De Sabla Division  
Joint Grievance Committee

The above-subject grievance has been discussed by the Review Committee and is being returned to the Division for settlement in accordance with the following:

The issue of Hydro Operators being required to operate a Company vehicle for the purpose of snow removal and road maintenance work appears to be an incidental occurrence and a situation that only arises occasionally. On these facts, the operators use of the pickup is not an expansion of the Hydro Operators' defined job duties and not in violation of the Agreement.

This case is considered closed and should be so noted in the minutes of your next Joint Grievance Committee meeting.
