Review Committee File No. 1304  
Shasta Division Grievance No. 13-73-5  
Involuntary Upgrade and Shift Change of  
Equipment Mechanic to Lead Mechanic

*File to 102

December 7, 1973

MR. K. A. ROBY, Chairman  
Shasta Division  
Joint Grievance Committee

The above-subject grievance has been discussed by the Review Committee and is being referred back to the Division for settlement in accordance with the following:

It has come to the attention of the Review Committee that the grievant has a prebid on file for Garage Subforeman and has been upgraded to that classification as recently as September 28, 1973, and November 23, 1973. With this being the case, it appears to the Review Committee that the grievant is capable and willing to accept the responsibility of a Lead classification and his only objection to the temporary assignment of May 23, 1973, was one of inconvenience. Therefore, the Review Committee has no alternative, notwithstanding all facts, but to conclude that the temporary assignment was proper.

This case is considered closed and should be so noted in the minutes of your next Joint Grievance Committee meeting.
