San Francisco Division Grievance No. 2-822-82-122  
Review Committee File No. 1553-83-6

This case concerned the discharge of a Steam Heat Engineer in San Francisco Division on December 15, 1982. In discussing this grievance, the Review Committee determined there was a need for additional information which could be obtained only by further interview with the grievant. During the period from April 1, 1983 to July 1, 1983, Union's Business Representative attempted to contact grievant by telephone. Messages were left at several locations but no response occurred. On July 7, 1983, grievant was notified by certified mail to contact the Union. On July 19, 1983, the certified letter was returned, marked "Moved, Left No Address".

On the basis of the foregoing, the Review Committee agrees to close this case without adjustment and without prejudice to the position of either party.
