Working Foreman						
<p>The craft at which the Foreman himself is working while supervising the crew is to be included in determining his proper grade of Working Foreman. The step in which a new Working Foreman is placed in a particular grade shall be at least 4% over his present craftsman rate, or 4% over the highest rate supervised, excluding specialists, such as Trencher, Backhoe Operator, or Hole Digger Operator assigned to the crew. However, if a Trencher Operator, Backhoe Operator, Hole Digger Operator, Crane Operator, Tractor Operator A or Wrapping Machine Operator is assigned to the same job location for the full work day or more, such employee shall be considered an integral part of the crew.</p>
