The Apprentice Lineman wages will be indexed to the wage of the lineman position in the following manner:

ARTICLE 3

RECOGNITION

Section 3.0 The City recognizes the Union as the "Exclusive Representative" of all employees of the City who hold a classification listed on Exhibit "A" of this Memorandum of Understanding. The provisions of this Memorandum of Understanding hereinafter set forth shall apply-only to those employees of the City for whom Local Union 1245 is the established exclusive representative.

Section 3.1 Official representatives of the Union will be permitted access to City property to confer with City employees on matters of employer-employee relations but such representatives shall not interfere with work in progress without agreement of Department Head and City Manager or the City Manager's Designee, prior to requested access.

Section 3.2 The City will provide the Union a bulletin board at each location where bargaining unit employees report to work, for the purpose of posting thereon matters relating to official Union business.

Section 3.3 Any employee, at the employee's request, shall be permitted representation by a Union representative. The foregoing shall apply to interpretation of this Memorandum of Understanding, reprimands and disciplinary actions, providing there is no unreasonable delay in obtaining representation,

Section 3.4 The Union recognizes the City Manager or his/her designated representative as the representative of the City on all matters within the scope of representation.

ARTICLE 4

UNION DUES AND FEES

Section 4.0 The City shall deduct from their wages the regular membership dues of employees who are members of the Union and who individually and voluntarily authorize such deductions.

Section 4.1 The Union shall notify the City of any employee who has given the Union written authorization for deduction of any Union dues or fees. The Union certifies that it shall collect and will maintain records of individual employee authorizations for deductions of said dues or fees. The Union agrees to notify the City of any changes in employee authorizations to deduct Union dues or fees. The City shall rely on the Union's certification of any dues and fees authorized by an employee and will not require the Union to provide a copy of the employee's authorization unless a dispute arises about the existence of terms of the authorization. The Union shall indemnify the City for any claims made by the employee for deductions made in reliance on the certifications. Any inquiries by employees regarding Union dues or fees should be directed to the Union.

Section 4.2 Upon Union notification to the City of written authorization by an employee, deductions shall be made from the first and second payroll periods of each month and a check for the total deductions shall be submitted to the Union within five (5) working days of the date the dues are withheld from the employee's check. The total deductions shall be submitted to the Financial Secretary of Local Union 1245, IBEW, P.O. Box 2547, Vacaville, CA 95696-9908. Any employee appointed to any classification out of the bargaining unit covered by this Memorandum of Understanding

may temporarily suspend their authorization to pay Union dues and fees, and upon notice to the City by the Union of such temporary suspension, the employee's payroll deductions of any Union dues or fees shall be suspended for the duration of such period as the individual is working for City in a job classification not covered by this Memorandum of Understanding.

Section 4.5 Union membership will exclude management, confidential, or supervisory employees. The Union must indemnify the City against any liability arising from any claims, demands, or other action by any employee for deductions made pursuant to this article in reliance on information provided by the Union.

ARTICLE 5

HOURS AND OVERTIME

Section 5.0 The normal workweek shall be 40 hours per week (8 hours per day/5 days per week) unless otherwise established.

Section 5.1 All regular employees will receive full-time employment for each workweek employed, provided they report for duty and are capable of performing their work. The City retains the right to lay off or release employees on account of lack of work or other valid reasons.

Section 5.2 Each employee shall report for work at the employee's regularly established headquarters and shall return thereto at the conclusion of the day's work and the time spent in traveling between such headquarters and the job site shall be considered as time worked.

Section 5.3 A workweek is defined to consist of seven (7) consecutive calendar days, Sunday through Saturday, and, except as otherwise provided herein, a basic workweek is defined to consist of five (5) consecutive workdays of eight (8) hours each, Monday through Friday. For employees assigned to field work, the regular work hours shall be 7:00 a.m. to 12:00 noon and 12:30 p.m. to 3:30 p.m. Notwithstanding the foregoing, the regular lunch period may be advanced or

delayed up to one (1) hour without the payment of overtime compensation. {If lunch is taken late the employee will be compensated for ½ hour at the appropriate overtime rate.} In the event that the regular lunch period is not observed throughout the entire workday and work continues to the end of the regular work day, employees are entitled to payment of one hour for the missed lunch period at the appropriate overtime rate of pay, i.e. this means nine hours of pay for a eight hour workday.

Section 5.4 Notwithstanding anything contained herein, any schedule of days and/or hours of work may be established by mutual agreement between the shop steward or the Union's Business Representative and the City Manager or designee.

Section 5.5 Overtime is defined as (a) time worked in excess of forty (40) hours in a workweek, (b) time worked in excess of eight (8) hours on a scheduled workday, (c) time worked on a non-workday, (d) time worked outside of regular hours on a workday, and (e) time worked on a holiday. Overtime shall be computed to the nearest one-quarter (1/4) hour.

Section 5.6 Overtime compensation shall be paid at a rate equivalent to one and one-half (1 ½) times the regular rate of pay for weekdays and at a rate equivalent to two (2) times the regular rate of pay for weekends or holidays. Whenever any employee performs overtime work beginning on a regularly scheduled workday, the overtime compensation rate shall be double the employee's regular hourly pay rate after the employee has worked four (4) consecutive overtime work hours at the time-and-one-half pay rate. Weekend overtime will begin at 12:01 a.m. Saturday and end 7:00 a.m. Monday for purposes of determining the increased rate.

Section 5.7 The intent of the parties is to establish standards covering those situations that require employees to respond to a public service need that occurs at times other than during normal work hours. In that context employees will be receiving overtime compensation from the time they receive the call, including the normal travel and preparation time to get from the employee's home to the City work facility. Employees who are required to report for work on their non-workdays, or on holidays they are entitled to have off, or outside of their regular hours on workdays, shall be paid overtime compensation for the actual time worked, but in no event less than two (2) hours compensation. The City has the right to require and assign employees to work overtime and to designate the classification to perform overtime work. Employees who are called to work at any time other than their normal scheduled workday will normally receive a phone call from the standby person, but could receive a call from the City's answering service or other City personnel. In the

event the employee is not home and a message is left from the standby person, the answering service, the employee's supervisor or any City personnel, the employee is expected to contact the calling party who has requested assistance to ascertain whether the call has been responded to or whether response is still required. Once an employee has responded to a callout, the employee is expected to contact the answering service and indicate the status of the call (i.e. problem addressed, unable to perform work for whatever reason, etc.) Employees who are called to work at any time other than their normal scheduled work hours shall receive pay at the overtime rate for all hours actually worked, with a guaranteed minimum of two (2) hours pay at the overtime rate including 30 minutes for travel, except however, if the employee is able to handle the call by telephone, or if the employee is able to handle multiple calls by telephone within any one fourth (1/4) hour, compensation will be limited to one fourth (1/4) hour. If an employee who is called out for such work outside of the employee's regular hours on a workday continues to work into his/her regular hours, the employee shall be paid overtime compensation for the actual time worked as overtime defined in Section 5.5, from the time the employee receives the phone call.

Section 5.7.1 In assigning on-call time, the City will use a rotational system whereby all employees in the Electric Division will be expected to participate. Employees assigned to weekly on-call for emergency calls shall receive two hours of regular pay per day and it shall be noted on the time sheet and payable on the next pay period once the time has been completed. A on-call shift is defined as the period beginning at 7:00 a.m. Tuesday morning and ending at 7:00 a.m. the following Tuesday. Employees assigned to weekly on-call for emergency calls will be furnished a City-provided electronic pager and a cell phone, which will be carried by the employee at all times. All employees assigned to on-call are expected to respond to the pager within a 1/2hour time-frame and be prepared to perform the service within one hour from responding. The on-call employee is expected to contact the answering service and notify them of the status of the emergency call. It is understood that sometimes circumstances beyond the control of the employee may occur. In that event, the employee is expected to make arrangements with another electric department employee to insure that adequate coverage is arranged. On-call employees shall be provided the option of a City vehicle for City use only during the on call-period.

Section 5.8 Rest Period: Shasta Lake recognizes that work during the period from 2200 to 0600 interferes with the employee's normal time for sleep, and might endanger a person's health or safety if required to continue with a full regular shift in a tired condition.

Section 5.8.1. (A) If an employee regularly scheduled to work 7:00 a.m. to 3:30 p.m. has worked for more than two (2) and up to four (4) hours at the overtime rate ("emergency work") during the hours of 10:00 p.m. to 6:00 a.m., immediately preceding the beginning of his/her regular work hours, on a work day, he/she shall be given a duty free rest period of four (4) consecutive hours at the beginning of the regularly scheduled work day.

(B) If the employee is required to continue emergency work into his/her regular scheduled work day, the rest period shall commence at completion of work.

(C) If an employee regularly scheduled to work 7:00 a.m. to 3:30 p.m. has worked for more than four (4) hours at the overtime rate ("emergency work") during the hours of 10:00 p.m. to 6:00 a.m. immediately preceding the beginning of his/her regular work hours, on a work day, he/she shall be given a duty free rest period of eight (8) hours at the completion of the emergency work.

Section 5.8.2 An employee entitled to a rest period hereunder may, nevertheless, be required to work during regular work hours on a workday not having had a rest period of four(4) or eight(8) hours in which event, the employee shall be paid at the overtime rate for all work performed until the employee has been relieved from duty.

Section 5.8.3 An employee entitled to a rest period hereunder may, nevertheless, be required to work during regular work hours on a workday not having had a rest period of four (4) or eight (8) hours in which event, the employee shall be paid at the overtime rate for all work performed until the employee has been relieved from duty for a rest period of four (4) or eight (8) hours.

Examples

1. Employee gets called in at 2300 and works to 0130. Employee to report to work at 1100.
2. Employee gets called in at 0330 and works to 0600 hours. Employee is to report for work at 1100.
3. Employee gets called in at 2100 and works to 2300. Employee gets called in again at 0200 and works to 0430. Employee is not to report to work for day. Eight (8) hour rest period.
4. Employee gets called at 0300 and works to 0900. Employee is to report to work at 0100.
5. Employee gets called in at 0100 and works to 0300. Employee does not get a rest period as work was not more than two hours.

6. Employee gets called in at 0100 and is required to work until 0900. Employee remains on overtime until completion of work at 0900. The employee will then get an eight (8) hour rest period.
7. Employee gets called in at 2000, and works to 2330. No rest period as not more than 2 hours between 2200 and 0600.

Section 5.9 All overtime must be authorized by the appropriate department head and recorded on the employee's timecard.

Section 5.10 Employees shall complete appropriate attendance records and certify them as accurate. The City shall not change a timecard without notification to the employee. The notification shall occur on the same day as the time card is changed. The employee shall sign the changed time card.

Section 5.11 An employee may choose to accept compensatory time off (CTO) in lieu of cash compensation for overtime worked as provided in this section. A total of up to eighty (80) hours of CTO in a fiscal year (July 1 to June 30 the following year) may be earned at the appropriate overtime rate. An employee shall not be entitled to earn more than a total of eight (80) hours CTO in any fiscal year as described above. CTO shall be used and scheduled, like PTO, in accordance with Sections 15.2, 15.3 and 15.4. CTO may not be carried over from fiscal year to fiscal year unless approved in advance in writing by the City Manager or designee. The employee shall be paid for any such CTO in excess of eighty (80) earned.

This Level II is optional and the grievant is not required to participate in mediation and may move directly to Level III.

Section 6.4.4 Time limits set forth in these procedures may be modified by written agreement of the parties involved.

Section 6.4.5 If the same complaint or substantially the same complaint is made by more than one (1) unit member party, only one (1) unit member, on behalf of the unit member and other complainants, may process the grievance or complaint through the grievance procedure. Names of all aggrieved parties shall appear on all documents related to the processing of the grievance,

Section 6.4.6 The filing of a grievance shall in no way interfere with the right of the City to proceed in carrying out its management responsibilities, subject to the final determination of the grievance. The grievant shall continue to perform all work, directives, and assignments pending final determination of the grievance unless unsafe conditions exist.

Employees shall immediately report any unsafe condition or situations to their immediate supervisor or the City Manager.

Section 7.1 Regular safety meetings will be held every other month for the purpose of reviewing accidents and preventing their recurrence, eliminating hazardous conditions and familiarizing employees with safe work procedures and applicable State Safety Orders and for training in first aid.

Section 7.2 In the event of an accident, resulting in serious injury or death of an employee of the City, the City will notify the Union immediately in order that the Union's Business Representative may conduct an investigation of the accident.

The City Manager shall make appointments to the Safety Inspection Committee from among nominees selected by the Union. This committee shall include one (1) non-supervisory employee who shall be selected from the unit and serve for a one (1) year period. The City's designated Safety Officer shall be the chairman of the committee. Members of such Inspection Committee shall receive their regular hourly compensation for the purpose of making said inspections. A complete written report shall be made to the City Manager no later than thirty (30) days following the completion of each periodic inspection. During the tour of inspections, the committee may also observe employee activities and work procedures for the purpose of discovering unsafe acts. The written report shall be prepared by the chairman during duty hours and shall include a listing of each item inspected, each unsafe item discovered and specific recommendations for correction of whatever is found to be unsafe. ARTICLE 8

EMPLOYEE STATUS

Section 8.0 Employees employed in the positions described in Exhibit "A" shall be designated as regular after completion of a twelve (12) month probationary period. The City may, within its discretion, employ or otherwise contract with intern, temporary, interim, or other short term personnel or professional, paraprofessional or expert personnel. The City may subcontract services performed by any department, that are in excess of the services provided by current number of employees during the term of this agreement.

Section 8.1 The twelve (12) month probationary period may be extended by the City Manager, after consultation with the Union, in individual cases. Appointments will not be considered regular until the successful completion of this probationary period.

Section 8.2 On accepting a promotion, or an appointment to a different classification, an employee serves a new probationary period of six (6) months. Promotions or reclassifications will not be considered regular until the successful completion of this probationary period. If the employee is discharged during the six month probationary period, then the employee shall be entitled to return to the position in which the employee was previously classified as regular, prior to accepting the promotion or appointment to a different classification.

Section 8.3 A probationary employee may be discharged or disciplined without notice, cause or hearing. Dismissals or discipline of probationary employees shall not be subject to review or appeal. This section is not applicable to employees who accept a promotion or appointment to a different classification.

Section 9.1 Employees shall be paid the wage established for their classification.

Section 9.2 Wages shall be paid at bi-weekly intervals on Fridays for a pay period ending no earlier than the preceding Saturday. If a pay day falls on a holiday, payments shall be made on the preceding workday.

When an employee's Department Head or supervisor assigns an employee to temporarily work in a higher classification, then the employee shall be paid at the rate established for the higher classification, if such work in the higher classification is not less than eight (8) hours during the work day.

Section 9.4 When an employee is temporarily assigned to work in a classification lower than the employee's regular classification, the employee's rate of pay will not be reduced. An employee may, however, be required to perform the duties of any other classification, which has an equal or lower wage rate.

LAYOFF AND REINSTATEMENT

Section 24.1 This article is applicable only to regular employees who are employed in positions described in Exhibit "A" and is not applicable to any other persons.

Section 24.2 When the City decides to layoff regular employees, the City will give affected employees at least two (2) weeks notice of such layoff.

Section 24.3 The order of layoff will be determined by seniority. Employees with the least seniority in a classification as described on Exhibit "A" "Job Definitions" will be laid off first. Seniority is defined as the day the employee commenced work with the city or its predecessor, the Shasta Dam Area Public Utility District. An employee who is to be laid off may elect to displace another employee in a lower paid class if qualified and experienced to perform the lower level duties, and if his/her seniority is greater than that of the employee being displaced. The election by the employee who is to be laid off must be made in writing to the City Manager within five (5) days of the day the employee receives notice of layoff.

Section 24.3.1 Within sixty (60) days of the date the displacement occurs, the employee who elected the displacement must demonstrate that he/she is able to perform the duties of the lower class competently and efficiently. If not, the employee may be laid off in accordance with this policy.

It is the responsibility of the laid off employee to provide written notice to the City of the employee's current mailing address. The employee shall respond in writing within 12 days of the date the offer of reemployment is mailed and shall return to work on the date specified in the offer of reemployment which shall be no earlier than 14 days after the date the offer of reemployment is mailed. If the laid off employee does not timely respond in writing or timely return to work on the date specified, then such non-response or failure to return to work is deemed a denial of the offer of reemployment.

Section 24.4.1 If a laid off employee accepts reemployment in a position other than the position from which the employee was laid off, then the employee must demonstrate that he or she is able to perform the duties of that position within sixty (60) days of the date the employee commences work in the position. If the employee does not so demonstrate that he or she is able to perform the duties of that position, then the City may terminate the employment of the employee and return the employee to laid off status.

Section 24.4.2 If a laid off employee elects to displace another employee or accepts employment in a position other than from which the employee was laid off, then the employee shall be offered reemployment in a permanent vacancy which occurs in the position from which the employee was laid off, for one year from the date of layoff. If an employee elects to displace another employee or accepts employment in a position other than from which the employee was laid off, the City is not required to offer such employee employment in another position which is not the position from which the employee was laid off. Any such offer of reemployment to such position shall be based on the seniority of the laid off employee.
