A steward may, with the permission of his/her supervisor, leave his/her work during working hours for reasonable periods to investigate pending grievances and to present said grievances to representatives of

- 3.10 Overtime shall be compensated for in pay or in equivalent time off at the option of the employee.

 - (e) CTO may not be used in lieu of vacation required to be taken in accordance with Section 6.2.
 - (f) Effective March 1, 2012 and thereafter, all earned but unused CTO in excess of eighty (80) hours shall be paid to employees by March 1st of each year and there shall be no carry-over of CTO from February 28th to March 1st in excess of eighty (80) hours. Pending said discussions, the District may establish temporary classifications and wages thereof and temporarily adjust the wages and duties of any classification.
- 4.3 When an employee is temporarily assigned to work in a classification higher than his/her regular classification, he/she shall be paid for the time worked in the higher classification at that higher rate, provided that such time worked is not less than two (2) hours during the day. Such time worked may be accumulated over an eight (8) hour period by intervals of not less than one-quarter (1/4) hour. For the purpose of wage rate progression in a temporary classification, the time worked by an employee in other than his/her regular classification shall also be accrued in such temporary classification regardless of pay status. 2,080 hours of accumulated time worked shall constitute one step increase. An employee who works in the re-rated classification the day prior to and the first working day after a holiday shall be paid at the higher rate for the holiday.
- 4.4 An employee who is regularly or temporarily assigned to a classification having a higher maximum wage rate shall be paid at the highest wage rate of the following:
- (a) The first step of the wage progression of such classification which is higher than his/her present wage rate; or
 - (b) The wage step in the higher classification determined by the time previously accumulated in such higher classification.
- 4.5 When assigned to replace a non-bargaining unit employee who is absent or out of the District, the upgraded employee will be paid 5% above his/her current rate of pay, provided that such time worked is not less than two (2) hours during the day.

- 4.7 Prior to the employee's salary anniversary date, the employee's individual employment record shall be reviewed by the employee's Department Head through an evaluation process that includes but is not limited to: (1) A review of the contents of the employee's personnel file; and (2) a review of completed evaluation forms, both of which are to be reviewed with the employee. If shown that the employee is progressing in his/her work, that the employee's performance has been above essential job standards, and that the employee has exhibited increased knowledge of the District, all as determined by the Department Head, in conjunction with the employee's manager or supervisor, as outlined in Article I, Section 1.3, the employee's salary will be increased to the next progressive step. This annual evaluation process is in effect whether or not a step increase is involved.
- 4.8 (a) In the event that the Department Head and supervisor have determined, after completion of the employee evaluation process, that the employee's performance has been unsatisfactory or below job standards, the employee will remain on the same salary step until advancement is earned, at which time a new salary anniversary date will be established. In order to determine such advancement, the Department Head shall conduct additional employee evaluations. The Department Head will conduct evaluations at their discretion at a minimum of once every six (6) months until the employee's performance evaluation reaches satisfactory standards.

The personnel files will also contain employment applications, personnel actions and evaluation reports. Employees will be notified of any document that the District intends to make a part of the employees' official personnel files and which will have an adverse impact on the employees' employment status, including eligibility for promotion and transfer. Personnel records are confidential records and will be divulged only to the employee concerned and authorized personnel. Except for disciplinary matters subject to Article 2.1(a), any adverse impact documents in the individual's personnel records twenty-four (24) months after the event causing the creation of such document, shall not be used in any subsequent disciplinary matter, provided an incident of a similar nature has not occurred in the interim.
- 4.10 Certain regulations and the procedures for disciplinary action are provided to promote understanding of what is considered unacceptable conduct and to encourage consistent action in the event of violations. The orderly and efficient operation of the District requires that each and every employee maintain proper standards of conduct and satisfactory performance while on duty. Every employee is expected to perform his/her job in a safe and efficient manner, with all due regard to fellow employees. If employees fail to maintain at all times proper standards of conduct, they are subjecting themselves to possible disciplinary action up to, and including discharge.

Any employee who is promoted to a position in a classification with a higher salary range than the classification or position which he/she formerly occupied shall receive the salary in the higher salary range as provided for in Section 4.4 of this Memorandum, as of the date upon which the promotion becomes effective. For purposes of further annual increases within the salary range, the employee shall receive a new salary anniversary date.
- 4.14 All persons employed by the District are hired subject to salary deductions covering Federal income tax, State income tax, Social Security, State Disability Insurance (S.D.I.), health insurance premiums, retirement deductions, and Union dues provided that the employee has authorized the District to deduct his/her Union dues in accordance with the provisions of Section 2.9 of this Memorandum. The District will also deduct any voluntary deductions that the employee requests to be deducted.
- 4.15 Reassignment: If an employee cannot perform the essential functions of their job due to a disability, every effort will be made to accommodate the employee into an open position for which the employee is capable and qualified or provide reasonable accommodations into the existing position in accordance with the Americans with Disabilities Act (ADA) and through the interactive process. ARTICLE VI VACATIONS

- 6.1 Vacation leave shall consist of ten (10) workdays after the completion of one (1) year of continuous employment; fifteen (15) working days after five (5) years of continuous employment; 17.5 days after 10 years (10) years, twenty (20) working days after fifteen (15) years of continuous employment; and twenty-five (25) working days after twenty five (25) years of continuous employment. Absence because of injury or sickness which is covered by accumulated sick leave shall not be a bar to the granting of annual vacation as herein provided. The granting of any leave of absence without pay exceeding fifteen (15) calendar days shall cause the employee's eligibility date for the annual vacation to be postponed a number of days equal to the number of calendar days the employee is on leave without pay, less the first fifteen (15) calendar days of such leave.
- 6.2 All earned vacation shall be taken during the year immediately following the year in which it is earned, except that an employee may accumulate up to two (2) times their entitlement, there are no provisions to increase this accumulation. Vacation accruals shall cease, after sixty days notification, for any employee when the time accumulated reaches the maximum allowed. Accrual will be reinstated when accrued time falls below the maximum. There is no provision for retroactive reinstatement of any time lost under these circumstances. During the sixty day period the employee may submit, in writing, to the General Manager for special consideration, a reason to increase the maximum for special circumstances. During the first week of December of each calendar year any employee may make application to cash in up to one-half of his/her vacation entitlement for that year, this is only available in December of each year. Vacation time may be used for days of illness, attendance at funerals or other emergencies. Employees will be allowed to use accumulated vacation pay to supplement Worker's Compensation.
- 6.3 Vacation schedules will be submitted to each Supervisor. Vacations shall be arranged in such a manner as not to interfere with District operations at any time during the year. First choice for vacation time will be governed by seniority of the employees in case of over-demand for any particular period. Vacation schedules that are submitted shall be approved unless they are denied by the District within seven (7) calendar days for requests of five (5) continuous working days or less and within fourteen (14) calendar days for requests of six (6) or more continuous working days. Park Rangers may be restricted to one week if requesting vacation during the recreation season, defined as Memorial Day weekend to Labor Day weekend.

- 6.4 An employee about to resign, retire or be laid off shall be entitled to vacation time. The number of days shall be computed by multiplying the number of months worked since the anniversary of employee's employment by 10, 15, 20 or 25 (depending upon total time of continuous employment), and dividing by 12, the result being rounded off to the nearest full day.

**ARTICLE VII
PAID SICK LEAVE**

- 7.1 Full accumulation of sick leave is provided for employees at the rate of one (1) day per month at the commencement of continuous employment. Sick leave may not be used during the first ninety (90) days of employment, except in conjunction with the waiting period due to industrial injury, but the accumulation thereof may be used after ninety (90) days. Sick leave shall start with the first full day or fraction thereof of absence due to illness or off-the-job injury, and will be at the rate of 100% of full pay. Sick leave may be used during the waiting period in conjunction with an industrial injury or state disability claim. If the time off due to industrial injury is of such length that the Workers' Compensation insurance carrier picks up the waiting period, such compensation shall be returned to the District. Accumulated vacation time or compensatory overtime pay may be used as sick leave at the employee's request, if no sick leave is available.
- 7.2 If a holiday falls when an employee is on an approved leave of absence, he/she will be paid for holiday and not charged for sick leave.
- 7.3 If an employee reports illness, he/she must notify the District prior to the start of each workday during the duration of the illness, unless in the case of longer term illnesses, the employee receives a waiver of the requirement. Where an absence will be the result of a non-emergency doctor or dental appointment, the employee must give the District as much notice as possible of the intended absence. In cases where in the District's opinion an employee is abusing sick leave, the District may require a physician's verification of illness. If the District does require a physician's verification of illness, it will notify a representative of the Union, stating the reason for such requirement.
- 7.4 Sick leave credit may be applied to make up the difference between payments from the Workers' Compensation insurance carrier and full salary when employees are off work due to industrial injuries.
- 7.5 Employees hired prior to July 1, 1995 who retire from the District at normal retirement age (currently Classic is 60 years of age), will be compensated in cash for the first twenty-two (22) days of unused sick leave. The balance of unused accumulated sick leave will be credited as additional service credit towards the employee's years of service in the pension plan, up to a maximum of one (1) year. If the employee still has unused accumulated leave after the above formula, the District will compensate the employee for the balance of the unused accumulated sick leave in cash for up to but not to exceed an additional twenty-two (22) days.
- 7.6 Sick leave credit may be applied to make up the difference between payments from the State Disability Insurance Program to ensure employee's net pay is equal to last full quarter when employees are off work due to disabilities covered by the State Disability Insurance Program.
- 7.7 An employee may use up to six (6) days earned Sick Leave (one-half of annual entitlement) per year to attend to an illness of the employee's child, parent (including in-laws), spouse, registered domestic partner, grandparent, grandchild, or sibling. Definitions of a child, parent, spouse, registered domestic

partner, grandparent, grandchild, and sibling are defined by current law. Sick leave utilized under this section is subject to all policies that apply to sick leave, including possible medical documentation.

- 7.8 Permanent full time employees who are hired after July 1, 1995 will be allowed to accrue a maximum of 200 days of sick leave during their service with the District. Accruals beyond 200 days will be redeemed at the rate of 25% of value on an annual basis. At retirement the employee will be compensated in cash for up to 30 days, at full value, provided the employee has the accumulated time.
- 7.9 Catastrophic Leave Program (CLP) is designed to assist full time, regular employees (including bargaining unit as well as non bargaining unit) who have exhausted all paid leave due to a serious or catastrophic illness, injury of employee, or because the employee has been providing necessary care to a member of his/her immediate family who has a serious catastrophic illness or injury. The CLP allows other District employees to voluntarily donate vacation or compensatory time off (CTO) to an employee who meets the eligibility requirement so the recipient will be able to remain on paid status for a longer period of time, or until the employee qualifies for long term disability.

ELIGIBILITY: An employee in a full time, regular position may be eligible to participate in the CLP. An eligible employee must have a verifiable serious or catastrophic illness or injury, or have a member of his/her immediate family with a verifiable serious or catastrophic illness or injury which results in the employee being requested to take time off from work to care for that family member. The employee must have exhausted all vacation, sick leave, and CTO.

GUIDELINES:

- 1) The maximum number of donated hours an employee may receive in any calendar year is 1,056 hours, Subject to number three (3) below, there is no limit on the number of vacation or CTO hours, which may be donated.

- 3) Made and donated hours are used on an hour-for-hour basis regardless of the hourly rate of the donor or the recipient.
- 4) Donations are converted to sick leave, credited to the recipient, and paid when used at the recipient's normal hourly rate of pay.
- 5) Unused donations will remain with the recipient.
- 6) All donations will remain confidential, except as required for administration of the program.
- 7) In any calendar year no further donations will be accepted after the recipient has received the maximum allowable under number one (1) above

PROCEDURE:

- 1) An employee who has exhausted, or soon will exhaust sick leave, vacation and CTO, or the employee's representative, must request the employee's participation in the CLP on an application form and supply written verification of the illness or injury from the physician. The completed form will be given to the Human Resources Department.
- 2) The Human Resources Department will then notify employees District wide of the request (without identifying the individual (s)).
- 3) The minimum initial donation will be four (4) hours. Any donation beyond four (4) hours will be in increments of whole hours.

 - 1. Any bidder who is determined not to be qualified by the District for any job vacancy shall be notified by the District in writing within 10 days of the awarding of the position as to why they were not qualified. And upon request the employee will be provided counseling to point out areas where improvement is possible along with a review of missed test questions.

ARTICLE XI DEMOTION AND LAYOFF

- 11.1 When deemed necessary by the Board of Directors, a reduction in the District's work force may be initiated due to 1) lack of work, or 2) lack of funds, or 3) program or organizational reorganization resulting in a surplus of employees.
- 11.2 Insofar as possible a reduction in force shall be accomplished by attrition. However, when it is determined by the Board of Directors that attrition will not provide sufficient relief for the condition warranting a reduction in the number of District employees, the Board will determine specific classifications effected by the lay-off.
- 11.3 Regular full time District employees will be laid off according to the specifics set forth below. Overall District seniority shall be the determining factor in conjunction with the following requirements:
 - (a) Temporary and part time employees shall be laid off first. In the case of the temporary class of Night Patrolperson, layoff will occur only if a sufficient number of regular full time District employees who would otherwise be displaced are willing to accept the positions as set forth by the requirements of the class. In the case of part-time temporary employees at the Parks Department, the same conditions apply as outlined for Night Patrolperson.
 - (b) Bumping Rights: Affected employees may bump down and displace employees with less seniority in the same classification, or in an equal or lower classification provided they possess the qualifications of the position and the abilities to execute the essential functions of the class*. In the case of DSO's, for the purpose of the layoff procedures, the assumption will be made that DSO's by virtue of winter work programs, meet the criteria for having held the classification of Utility Person I. Employees who held a classification and then were demoted or otherwise removed from that

class for disciplinary reasons will not be eligible to bump back into a class they were removed from. Employees wishing to bump into the DSO ranks must also pass the written examination established for entry to the class. Employees who are successful in bumping into the DSO ranks will be subject to a 60 day performance evaluation by their SDSO and the Department Superintendent. Should this performance evaluation be "below standards", that employee shall be laid off and a previously displaced DSO shall be recalled to fill the vacancy.

*Determination, at the discretion of the District, may include a complete physical examination by a physician selected by the District at no cost to the employee.

- 11.4 Permanent District employees laid off under the above provisions shall, within one year of layoff, have preferential rehire rights by District seniority to a job within the District before new employees are hired to fill the vacancy, if qualified to perform the essential job functions of the job. It is the responsibility of the laid-off employee to keep the District informed of his/her current address and telephone number. Failure of the employee to report to work within 6 working days after notification of recall will preclude the employee from re-employment and cause the forfeiture of preferential rehire rights.
- 11.5 An employee who is demoted to a position in a classification with a lower salary range than the classification which he/she formerly occupied shall receive the nearest lower monthly salary in the new salary range as of the date upon which the demotion became effective.
- 11.6 For the purpose of further annual increases within the salary range, the employee shall receive a new anniversary date.
- 11.7 In the event of transfer from one position to another in the same salary range, the employee shall be compensated at the same salary rate he/she previously received; his/her salary anniversary date shall not be changed.

ARTICLE XII SENIORITY

- 12.1 Defined. A regular employee's seniority is defined as his/her most recent period of unbroken, continuous service upon completion of the probationary period as described in Section 1.6. In the event two or more employees have the same seniority date and a need exists for a seniority determination, length of any prior services with the District will determine seniority. Should length of prior service still result in identical dates, the following shall apply: If two individuals are involved, a coin toss, administered by the senior shop steward, with the two individuals present, shall determine. Should more than two individuals be involved, the Union Business Representative and the Senior Shop Steward shall make the decision.
- 12.2 Continuous Employment. "Continuous Employment" as used herein shall be construed to include time actually worked, vacation time, time on paid sick leave, absence due to industrial injury, compensatory time, authorized leave of absence and military leave of absence. Continuous employment will be deemed to be broken by termination of employment by reason of:
- (1) resignation;
 - (2) discharge for cause;
 - (3) layoff for more than twelve (12) consecutive months;
 - (4) failure to return immediately on the expiration of a leave of absence; or
 - (5) unauthorized absence without pay for more than three (3) consecutive workdays.

**ARTICLE XIII

- 13.1 The Board of Directors desires to maintain a safe place of employment for District employees, and to that end, District management shall make all reasonable provisions necessary for the safety of employees in the performance of their work.
- 13.2 Regular "tailgate" meetings will be held on all jobs to plan the job and emphasize safety on the job.
- 13.3 Regular safety meetings will be held periodically for the purpose of reviewing accidents and preventing their recurrence, eliminating hazardous conditions and familiarizing employees with safe work procedures and applicable State Safety Orders.
- 13.4 The District will develop an Audit Committee with union and other District employees. Each area will be audited at least monthly. An Incident Investigation Committee will also be created to investigate all incidents. For both the Audit and Incident Investigations Committees, the Union Business Representative shall select the bargaining unit committee members in the same quantity as those appointed by the District. The District will provide employees with the necessary protective clothing and personal protective equipment required in the performance of their duties.
- 13.5 The District shall report to the Union any industrial injury which has been reported to the District. Said notice shall be furnished to the Union at the same time the District reports the injury to its Workers' Compensation claims administrator.
- 13.6 On-the-job accidents are covered by the District's Workers' Compensation Program. It shall be the duty of all employees to make an immediate report of accidental injury, while working, to their supervisor, Risk Management Officer or the Director of Administrative Services. Any recurrence of an old injury requiring medical treatment or hospitalization also must be reported immediately; failure to do so will result in delay of compensation or more serious difficulties.

**ARTICLE XIV
INCLEMENT WEATHER PRACTICE**

- 14.1 Employees who are unable to work in the field because of inclement weather or other similar causes will receive pay for the full day, provided they have reported for duty. During such day they may be held pending emergency calls, may be given first aid, safety or other instruction, or they may be assigned to perform miscellaneous duties in sheltered locations. District supervisors will be responsible for determining whether weather conditions warrant cessation of outside work. In arriving at a decision with respect to weather conditions, the supervisor shall take into account such factors as: (a) employees' health and safety, (b) undue hazards, (c) operating requirements, (d) service to the public, (e) job site working conditions, (f) anticipated duration of time required to leave unfinished job in a safe condition, (g) anticipated duration of inclement weather, and (h) distance from job site to operating headquarters.

**ARTICLE XV

- 15.2 Full-time Parks Department employees shall receive a uniform allowance of \$50.00 per month. Effective the first full pay period in the calendar month after Board approval of this MOU, employees shall receive a uniform allowance of \$25.00 per pay period. A committee will be formed to recommend appropriate uniforms for Rangers. The committee will be composed of three Park Rangers, appointed by the Union, and Parks management.
- 15.3 Electricity Reimbursement. During each calendar year, employees living on the District's recreation area properties shall be eligible for payment by the District of up to 1,500 kilowatt hours of electricity each month. For any usage over that amount, the employees shall be charged on a quarterly basis at the then-current P.G.&E. domestic rate. If the employees use less than 1,500 kilowatt hours per month, the amount of such underage may be used to offset prior or subsequent overages in the same calendar year; provided, however, that any such underage may not be carried forward into a subsequent calendar year or be used to offset overages in a prior calendar year. In order to be eligible for payment of electricity charges hereunder, the employees must sign an agreement with the District wherein they agree to permit the District to deduct from their paychecks the charges for any overages as hereinabove described.
- 15.4 The District will pay for all transportation, expenses, and materials for any employee to complete training programs or business trips required in the course of their employment with the District. Training requires advanced approval through the Department Head.
- 15.5 The District shall provide all tools necessary for employees to safely and efficiently perform all assigned tasks, consistent with established District policy.
- 15.6 When an employee's job description requires a driver's license beyond a Class C license, the District will pay the cost of the physical examination required for the license, and provide the time during working hours, without loss of pay, to obtain the license. The District will reimburse the employee for that portion of the driver's license fee, the license renewal fee and any required endorsement fees that are in excess of the Class C license and renewal fees.

ARTICLE XVI GRIEVANCE PROCEDURE

- 16.1 Any grievance, which may arise between Union or any of its members and District with respect to the interpretation or application of any of the terms of this Memorandum of Understanding and with respect to such matters as alleged discriminatory or arbitrary discharge, demotion or discipline of an individual employee, and with respect to such matters as to whether a dispute is a proper subject for the grievance procedure, shall be determined by the following procedure:

STEP ONE: The initial step in the adjustment of the grievance shall be a discussion between the Business Representative, Shop Steward, the Grievant, and the immediate Supervisor directly involved, who will give a verbal answer within five (5) work days.

STEP TWO: If a grievance is not resolved in the initial step, the second step shall be the presentation of the grievance in writing within thirty (30) calendar days by the Union's Business Representative to the Director of Administrative Services, who will answer in writing within fifteen (15) work days after receipt. Before going to the General Manager, a Grievance Committee, comprised of two (2) Union members and two (2) District members will meet on non-working time, where practicable, hear the Grievance, collect facts about the Grievance and attempt to resolve the Grievance issue prior to the

submission to the General Manager. The Grievance Committee will decide to send Grievances to the General Manager in the event they fail to resolve the Grievance issue.

STEP THREE: If a grievance is not resolved in the second step, the third step shall be the presentation of the grievance by the Union's Business Representative in writing within thirty (30) calendar days to the General Manager of the District, with an indication as to whether or not an oral presentation will be made by the grievant and/or the Union's Business Representative at the Union Business Representative's option. The General Manager will answer the written grievance within thirty (30) calendar days.

16.2 Any grievance involving discharge must be raised within five (5) working days of such discharge or such grievance shall be waived. All other grievances must be raised within thirty (30) calendar days of the events giving rise to such grievance or such grievance shall be waived. The above-mentioned time limitations may be extended by mutual agreement in writing.

16.3 In the case of an Article IV evaluation process and salary progression determination, a disciplinary demotion, a disciplinary suspension of five (5) working days or more or in the case of a disciplinary termination, the Union may request binding arbitration after Step Three. The request for binding arbitration must be made within twenty (20) calendar days after the General Manager's answer under Step Three. The binding arbitration shall be conducted under the following procedures:

(a) The District and the Union shall select an impartial arbitrator within three (3) calendar days of the request for binding arbitration. In the event the District and the Union are unable to mutually agree upon the impartial arbitrator, the District and the Union shall request a panel of seven (7) arbitrators to be named by the Federal Mediation Service. A single arbitrator shall be selected from said panel by alternately striking names with the sole remaining name to be the arbitrator. A toss of a coin shall determine which party shall strike the first name.

(b) The arbitrator shall have no authority to add to or to modify any provision of this Agreement in rendering a decision. By mutual agreement, the parties may elect to argue the issue orally or submit briefs. In addition, by mutual agreement, parties may request the arbitrator to issue a bench award, following the hearing.

(c) Fees and expenses of the arbitrator and reporter cost of the original transcript, if requested and hearing room shall be shared by the parties.

(d) The decision of the arbitrator shall be final and binding.

Any of the above steps may be waived by mutual agreement in writing.
