MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING, made and entered into this 5th day of April, 2023, by and between the designated representatives of the CITY OF REDDING (a public agency as defined in Section 3501(c) of Chapter 10 of Division 4 of Title 1 of the Government Code of the State of California), hereinafter referred to as the City, and the designated representatives of LOCAL UNION 1245 of INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, affiliated with the American Federation of Labor - Congress of Industrial Organizations (a recognized employee organization as defined in Section 3501(b) of Chapter 10 of Division 4 of Title 1 of the Government Code of the State of California), hereinafter referred to as Union,

WITNESSETH that:

WHEREAS, the parties hereto desire to facilitate the peaceful adjustment of differences that may from time to time arise between them, to promote harmony and efficiency to the end that the City, Union and the general public may benefit therefrom, and to establish fair and equitable wages, hours and working conditions for certain hereinafter designated employees of the City,

NOW, THEREFORE, the parties hereto do agree as follows:

ARTICLE 1: PREAMBLE

1.1 The parties acknowledge the provisions of Chapter 10 (Section 3500, et seq.) of Division 4 of Title 1 of the Government Code of the State of California.

1.2 It is the policy of the City and Union not to, and neither party will interfere with, intimidate, restrain, coerce or discriminate against any employee because of race, color, sex, sexual orientation, citizenship status, marital status, ethnicity, age (for people 40 and older), religion, gender identity, gender expression, genetic information, national origin and ancestry, political affiliation, creed, military or veteran status, physical disability, mental disability, medical condition or any other characteristic protected by state or federal law.

1.3 The City is engaged in rendering services to the public, and the City and Union recognize their mutual obligation for the continuous rendition and availability of such services. It is further recognized by both the City and the Union that City owned power generation facilities shall be kept in an operational ready condition at all times and to that end the City and the Union will actively strive to maintain the highest level of commitment for the continuous rendition of service to ensure such generation facilities are immediately ready and available for operation.

1.4 The duties performed by employees of City as part of their employment pertain to and are essential to the operation of a municipality and the welfare of the public dependent thereon. During the term of this Memorandum of Understanding employees shall not partially or totally abstain from the performance of their duties for City during regular work hours or on an overtime basis. Union shall not call upon or authorize employees individually or collectively to engage in such activities and shall make a reasonable effort under the circumstances to dissuade employees from engaging in such activities and City shall not cause any lockout. Those employees who do individually or collectively partially or totally abstain from the performance of their duties for City during regular work hours or on an overtime basis shall be subject to disciplinary action up to and including discharge from employment.

1.5 City employees shall perform loyal and efficient work and service, and shall use their influence and best efforts to protect the properties of City and its service to the public, and shall cooperate in promoting and advancing the welfare of City and in preserving the continuity of its service to the public at all times.

1.6 City and Union shall cooperate in promoting harmony and efficiency among City employees.

1.7 The management of the City and its business and the direction of its working forces are vested exclusively in City, and this includes, but is not limited to, the following: to direct and supervise the work of its employees, to hire, promote, demote, transfer, suspend, and discipline or discharge employees for just cause; to plan, direct, and control operations; to lay off employees because of lack of work or for other legitimate reasons; to introduce new or improved methods or facilities, provided, however, that all of the foregoing shall be subject to the provisions of this Memorandum of Understanding.

1.8 If the City of Redding transfers legal ownership of the City's Electric Utility facilities to another entity during the term of this Memorandum of Understanding, all terms and conditions of employment shall remain in full force and effect upon any City of Redding employees employed at the time of the transfer.

ARTICLE 2: RECOGNITION

2.1 The City recognizes the Union as the "Exclusive Representative" of all employees of the Power Production Unit of the Electric Department of the City who hold a classification listed on Exhibit "A" of this Memorandum of Understanding. The provisions of this Memorandum of Understanding hereinafter set forth shall apply only to those employees of the City of Redding for whom Local Union 1245 is the established exclusive representative.

2.2 Official representatives of the Union will be permitted access to City property to confer with City employees on matters of employer-employee relations but such representatives shall not interfere with work in progress without agreement of Management.

2.3 The City will provide the Union adequate bulletin board space for the purpose of posting thereon matters relating to official Union business.

2.4 The City will not interfere with, intimidate, restrain, coerce or discriminate against any employee because of the employee's membership in Union or the employee's activity on behalf of Union.

2.5 Any employee, at the employee's request, shall be permitted representation by a Union representative. The foregoing shall apply to reprimands, disciplinary actions, investigations, interviews for promotion and hearings, providing there is no unreasonable delay in obtaining representation.

2.6 Joint Shop Steward-Management meetings shall be held at least two (2) times a year in February and August, or more often as agreed upon by Union and Management. The purpose of these meetings shall be to promote harmony and efficiency and to improve communications between employees and all levels of management. The meeting agenda shall be determined by those in attendance and there shall be no restrictions on the subject matter; provided, the meetings shall not substitute for normal grievance procedures or for formal negotiations between the parties. Those in

attendance shall consist of Union's Business Representative and Shop Stewards and the City's Labor Relations Representative and such other management personnel as determined by the City's Labor Relations Representative. The meetings shall be summarized in written minutes. Except that the provisions of this Section shall be observed, the meetings shall be self-organizing.

2.7 Whenever any employee is absent from work as a result of a formal request by the Union's Business Manager and is engaged in official Union business, the City shall pay for all regular time lost and shall be reimbursed therefor by the Union at the rate of one hundred and fifty percent (150%) of the employee's regular wage rate.

ARTICLE 3: UNION DUES AND FEES

3.1(a) The City will take payroll deductions from bargaining unit employees for any International Brotherhood of Electrical Workers Local Union 1245 ("Union") dues or fees authorized by the employee.

3.1(b) The Union shall notify the City of any employee who has given the Union written authorization for deduction of any Union due or fees. The Union certifies that it shall collect and will maintain records of individual employee authorizations for deductions of said dues or fees. The Union agrees to notify the City of any changes in employee authorizations to deduct Union dues or fees. The City shall rely on the Union's certification of any dues and fees authorized by an employee and will not require the Union to provide a copy of the employee's authorization unless a dispute arises about the existence of terms of the authorization. Any inquiries by employees regarding Union dues or fees should be directed to the Union. Upon Union notification to the City of written authorization by an employee, deductions shall be made from the first and second payroll periods of each month and a check for the total deduction shall be submitted to the Union within five (5) working days of the date the dues are withheld from the employee's check. The total deduction shall be made via Automated Clearing House (ACH) deposit to the Financial Secretary of Local Union 1245, IBEW. Any employee appointed to any classification out of the bargaining unit covered by this Memorandum of Understanding may temporarily suspend their authorization to pay Union dues and fees and upon notice to the City by the Union of such temporary suspensions, the employee's payroll deductions of any Union dues or fees shall be suspended for the duration of such period as the individual is working for City in a job classification not covered by this Memorandum of Understanding.

3.2 At least every 120 days, the City will provide the Union with a master list of all bargaining unit employees. The Master list will include the following information. Name, Address, job title, department.

3.3 The City will provide the Union with not less than 10 calendar days' advanced notice of the time, date, and location of a new hire orientation session of any new employee. The City and the Union agree that a designated IBEW representative will be offered the opportunity to meet with newly hired members during the new hire orientation process or within 10 working days from the date of hire for 30 minutes.

3.4 The Union must indemnify the City against any liability arising from any claims, demands, or actions made by any employee for deductions made pursuant to this article in reliance on information provided by the Union.

3.5 In the event that any provision of this article is declared by a court of competent jurisdiction to be illegal or unenforceable, the parties agree that the City will cease abiding by such provisions.

ARTICLE 4: GRIEVANCE PROCEDURE

4.1 Any grievance, which may arise between Union, or any of its members, and the City, with respect to the interpretation or application of any of the terms of this Memorandum of Understanding, and with respect to such matters as the alleged discriminatory or arbitrary discharge, demotion or discipline of an individual employee, shall be determined by the provisions of this Article, except that such matters as are included in the definition of impasse as set forth in Resolution No. 2012-091 are not a grievance. Probationary employees shall not be entitled to invoke Article 4, Grievance Procedure, with regard to matters of discharge or demotion. This shall not, however, prevent a probationary employee from exercising any other rights under this Memorandum of Understanding. Work day as used in this Article shall mean any day when City Hall is open to serve the public.

4.2 Step One: The initial step in the adjustment of a grievance shall be a discussion between the Shop Steward and the immediate supervisor directly involved who will answer within ten (10) work days. This step shall be started within thirty (30) work days of the date of the action complained of, or the date the grievant became aware of the incident which is the basis for the grievance. This step may be taken during the working hours of the Shop Steward.

4.3 Step Two: If a grievance is not resolved in the initial step, the second step shall be a written presentation of the grievance to the Power Plant Manager or Electric Program Supervisor and a discussion between the Shop Steward and the Power Plant Manager or Electric Program Supervisor, as applicable who shall answer in writing within ten (10) work days. This step shall be taken within ten (10) work days of the date of the answer in Step One.

4.4 Step Three: If a grievance is not resolved in the second step, the third step shall be a written presentation of the grievance to the Division Head and a discussion between the Shop Steward and the Division Head, who shall answer in writing within ten (10) work days. This step shall be taken within ten (10) work days of the date of the Power Plant Manager or Electric Program Supervisor's answer as applicable in Step Two.

4.5 Step Four: If a grievance is not resolved in the third step, the fourth step shall be a written presentation of the grievance to the Department Director and a discussion between the Shop Steward and the Department Director, who shall answer in writing within ten (10) work days. This step shall be taken within ten (10) work days of the date of the Division Head's answer in Step Three.

4.6 Step Five: If a grievance is not resolved in the in fourth step, the fifth step shall be a written presentation of the grievance to the City's Labor Relations Representative and a discussion between the Union's Business Representative, and the City's Labor Relations Representative who shall conduct an investigation and attempt to resolve the grievance. If no resolution of the grievance is achieved, the City's Labor Relations Representative shall provide the Union's Business Representative with the City's answer, in writing, to the grievance. This step shall be taken within ten (10) work days of the date of the Department Director's answer in Step Four.

4.7 Step Six: If a grievance is not resolved in the fifth step, the sixth step shall be the presentation of the grievance, in writing, by the Union's Business Representative to the City

Manager, or designee, who shall answer, in writing, within ten (10) work days. The sixth step shall be taken within ten (10) work days of the date of the answer in Step Five.

4.8(a) Step Seven: If a grievance is not resolved in the sixth step, the seventh step shall be referral by either the City, or the Union, to arbitration. The seventh step shall be taken within twenty (20) work days of the date of the answer in Step Six.

4.8(b) An arbitrator shall be appointed on each occasion that a grievance is submitted to arbitration. The arbitrator shall be chosen by mutual agreement of the City and Union. In the event that the City and Union are unable to agree on the selection of an arbitrator, they shall request the State of California Mediation and Conciliation Service to nominate five (5) persons for arbitrator. The City and the Union each will alternately challenge two (2) of such nominees, the party having the first challenge to be determined by lot. The remaining nominee shall be accepted as the arbitrator and the arbitrator's compensation and expenses shall be borne equally by the City and Union. The City and Union shall pay the compensation and expenses of their respective appointees and witnesses. At Union's request the City shall release employees from duty to participate in arbitration proceedings.

4.8(c) The arbitrator shall hold such hearings and shall consider such evidence as appears necessary and proper. The first hearing should be held within ninety (90) days of the date of referral to arbitration. Following the hearings and prior to the arbitrator's final decision, the arbitrator shall submit a proposed decision to the parties for their review and the opportunity to submit additional information prior to the arbitrator's decision becoming final and binding on the parties. Any additional information submitted by either party shall be submitted to the arbitrator and the other party. Thereafter, the decision of the arbitrator shall be final and binding on City and Union and the aggrieved employee, if any, provided that such decision does not in any way add to, disregard or modify any of the provisions of this Memorandum of Understanding.

4.9 Failure by the Union to meet any of the aforementioned time limits as set forth in Section 4.2, 4.3, 4.4, 4.5, 4.6, 4.7 or 4.8(a) will result in forfeiture. Failure by the City to meet any of the aforementioned time limits as set forth in Sections 4.2, 4.3, 4.4, 4.5, or 4.7, will allow the Union to go forward with the grievance to the next step of the established procedures, except, however, that the aforementioned time limits may be extended by mutual agreement. Grievances settled by forfeiture shall not bind either party to an interpretation of this Memorandum of Understanding, nor shall such settlements be cited by either party as evidence in the settlement of subsequent grievances.

4.10 Notwithstanding the aforementioned procedure, any individual employee shall have the right to present grievances to the City and to have such grievance adjusted without the intervention of Union, provided that the adjustment shall not be inconsistent with this Memorandum of Understanding and provided, further, that Union's Business Representative shall be given an opportunity to be present at such adjustment. Grievances settled by individual employees without representation by Union officials shall not bind either party to an interpretation of this Memorandum of Understanding, nor shall such settlements be cited by either party as evidence in the proposed settlement of subsequent grievances.

ARTICLE 5: SAFETY

5.1 The City Council desires to maintain a safe place of employment for City employees and to that end, City Management shall make all reasonable provisions necessary for the safety of employees in the performance of their work.

5.2 Regular “tailgate” meetings will be held on all jobs to plan the job and emphasize safety in their performance.

5.3 Regular safety meetings will generally be held every other month or as otherwise required by Cal-OSHA regulations and/or the department Safety Charter. The purpose of the meeting is to review accidents investigations and preventing their recurrence, identifying hazardous conditions, discussion to resolve hazardous conditions, presentation of City or Department Safety Procedures and applicable State Safety Orders. The City will notify the Union of the date, time and place of such meetings, in order that the Union’s Steward or Business Representatives may attend and participate.

5.4 In the event of an accident, resulting in serious injury or death of an employee of the City, the City will notify the Union immediately in order that the Union’s Business Representative may conduct an investigation of the accident.

5.5 The City shall provide training and certification, including first aid and CPR, and personal protective equipment for its employees to perform their jobs safely according to federal, state and local regulations.

ARTICLE 6: DISABILITY AND UNEMPLOYMENT

6.1(a) Supplemental Benefits for Industrial Injury: Whenever any Regular employee, who has completed their initial probationary period, and who is a member of the Public Employees’ Retirement System is disabled, whether temporarily or permanently, by injury or illness arising out of and in the course of the employee’s duties, which comes within the application of the Workers’ Compensation and Insurance Chapters of the State Labor Code, the employee shall become entitled to compensation at the rate of eighty-five percent (85%) of the employee’s regular salary, in lieu of temporary disability payments, if any, which would be payable under the State Labor Code, for the period of such disability but not exceeding six (6) months, or until such earlier date as the employee is retired on permanent disability pension. At the conclusion of six (6) months of receipt of supplemental benefits at the rate of eighty-five percent (85%) of regular salary, any Regular employee who is still unable to return to work and is still receiving temporary disability indemnity payments shall become entitled to receive supplemental benefits at the rate of seventy percent (70%) of the employee’s regular salary for the period of such disability but not exceeding six (6) months or until such earlier date as the employee is retired on permanent disability pension through the Public Employees’ Retirement System. In consideration of this benefit, the Regular employee shall pay over to the City any temporary or permanent disability compensation received, whether from Workers’ Compensation, employee group health and welfare insurance benefits or unemployment compensation benefits provided for under State law, and shall affirmatively assist the City in obtaining any such benefits to which the employee may be entitled but has not yet received arising out of such disability, but such payment from the employee to the City from such sources shall not exceed in amount the supplemental benefits paid to the employee by the City in accordance with the provisions of this paragraph. Whenever any employee is released for light duty work and such employee declines such light duty employment, the employee will thereby waive any and all rights to supplemental benefits for industrial injury as set forth above. Whenever there is reason to suspect any employee of abusing the employee’s rights to workers’ compensation benefits, the parties shall cooperate in controlling such employee abuse.

6.1(b) An employee who is absent by reason of industrial disability may be returned to work by the City and given temporary light duties within the employee’s ability to perform, with the

consent of the employee's physician. The duration of any such period of temporary work shall be determined by City. Such employee shall be compensated at the then current rate of pay of the employee's regular classification while engaged in such temporary duties. An employee engaged in such temporary duties shall be eligible for overtime compensation at the discretion of City management and where such duties necessitating overtime compensation are consistent with any applicable work restrictions for the employee. Employees engaged in such temporary duties who are eligible for overtime compensation as provided in this Section are not covered by the provisions of Section 9.10 of this Agreement. The City may require an employee being considered for return to work after an absence caused by disability or illness to submit to a medical examination by a physician or physicians approved by the City for the purpose of determining that such employee is physically and mentally fit and able to perform the duties of the employee's position without hazard to the employee, or to the employee's fellow employees, or to the employee's own permanent health.

6.1(c) If a third party is found to be responsible for the employee's industrial injury and the employee recovers a judgment in damages from said third party, then all supplemental benefits received as provided for in Section 6.1(a) not already repaid from the other sources mentioned in Section 6.1(a) shall be repaid to the City by the employee.

6.1(d) Vacation and sick leave shall be accrued while a Regular employee is absent from work as a result of a job-related disability and receiving the supplemental benefits to Workers' Compensation temporary disability compensation as set forth in 6.1(a) for the period of such disability, but not exceeding one (1) year. All Regular employees who are receiving Workers' Compensation temporary disability benefits shall receive group insurance coverage during the period in which they are receiving temporary disability compensation for up to a maximum of a cumulative total of three (3) years, provided the employee pays his or her normal share of the group health and welfare insurance coverage program premium. Holidays which occur during the period for which an employee is receiving temporary disability compensation shall not be recognized by such employee for compensation purposes. If the employee is approved to return to work both by the employee's and the City's medical doctor, but the employee is physically unable to return to the previously held position, the City will work with the employee and the Union in an effort to place the employee in vacant position within the City for which the employee is qualified and physically able to perform.

ARTICLE 7: EMPLOYEE STATUS

7.1 Employees will be designated as Regular, or Full-Time Temporary depending upon the purpose for which they are hired and their length of continuous service with the City.

7.2 A Regular employee (Status 3) is defined as an employee hired for a full-time position that has been regularly established as an authorized position and is of indeterminate duration. A Regular employee shall receive not less than the minimum rate for the job and shall be eligible for sick leave pay, vacation pay, holiday pay, retirement plan participation, insurance coverage and items of similar nature, as the employee becomes eligible. Regular employees shall serve a probationary period of one (1) year upon initial appointment to Regular status. Such probationary period is considered to be a continuation of the selection process and employees may be terminated from employment without recourse at any time during the probationary period. Notwithstanding any other provision of this Article, an employee's probationary period shall be extended by the duration of any unpaid absence of ten (10) or more consecutive work days. Employees serving their initial probationary period shall not be eligible for leave of absence, supplemental benefits for industrial injury, nor be given preferential consideration for promotion or transfer.

7.3 A Full-Time Temporary employee (Status 7) is defined as an employee hired for occasional or seasonal work for a period not to exceed one thousand (1,000) hours in a fiscal year. A Full-Time Temporary employee shall receive not less than the minimum rate for the job and be eligible for sick leave pay per California law, but shall not be eligible for holiday pay, vacation pay, insurance coverage, retirement plan participation or items of a similar nature, nor shall the employee accrue seniority, or promotion and transfer rights, or leave of absence rights. If a Full-Time Temporary employee is reclassified to Regular status without a break in service, the employee shall maintain continuous service from the employee's date of hire as a Full-Time Temporary for seniority, vacation and sick leave accrual purposes only.

ARTICLE 8: WAGES AND CLASSIFICATIONS

8.1 Employees shall be paid the wage established for their classification. Employees shall be paid a wage rate based upon their work performance. Upon initial appointment to a classification an employee shall normally be paid the lowest wage rate for that classification. An employee may, however, be paid a wage rate above the lowest wage rate if circumstances justify it. When an employee is appointed to a classification which has a wage range overlapping the wage range of the employee's previous classification, the employee shall be paid at the wage rate of the classification to which the employee is being appointed, which is the next higher to his present wage rate, but not more than the top wage rate of the classification to which the employee is appointed. Notwithstanding the following requirements relative to a period of employment at a salary step, the Department Director may recommend a salary step increase at an earlier or later time. Step increases require City Manager approval and may be granted as follows. After twenty-six (26) full pay periods of employment at salary step 4, and with satisfactory or above work performance during the full time period, an employee shall be advanced to salary step 5. A full pay period as used in 8.1 is defined as one in which the employee works or is paid for time off for at least half of the regularly scheduled work hours.

8.2 Wages shall be paid at bi-weekly intervals on Thursdays after 12:00 noon for a pay period ending no earlier than the preceding Saturday. If a pay day falls on a holiday, payments shall be made on the preceding workday. Employees hired after April 7, 2010, must make arrangements to have their pay deposited to a bank account via electronic transfer.

8.3 When an employee is temporarily assigned for a minimum of one-half (½) hour accumulated during any workday to work in a classification higher than the employee's regular classification, the employee shall be paid at the rate established for the higher classification, with a minimum of two (2) hours and time computed to the nearest quarter hour, except when the work is performed outside of the regular work hours and the duration is less than two (2) hours. When an employee is temporarily assigned to work in a higher classification which has a wage range overlapping the wage range of the employee's regular classification, the employee shall be paid at the wage rate of the classification to which he is temporarily assigned, which is next higher to the employee's present wage rate, but not more than the top wage rate of the temporary classification. The temporary upgrade wage rate will also apply to any meal time or travel time that occurs while the employee is temporarily reassigned.

8.4 When an employee is temporarily assigned to work in a classification lower than the employee's regular classification, the employee's rate of pay will not be reduced. Notwithstanding the foregoing however, whenever any employee requests to be temporarily assigned to perform the duties of a lower paying classification pursuant to Section 11.5 of Article 11, Promotion and Transfer, such employee's wage rate shall be reduced to the wage rate of the lower paying classification.

8.5 For purposes of wage rate progression in a temporary classification, the time worked by an employee in other than the employee's regular classification shall also be accrued in such temporary classification.

8.6 Shift differential shall be paid to those employees performing Power Plant Operations, and Maintenance work when their regularly scheduled work shift represents one-half (1/2) or more of the following time periods and at the rate specified as follows:

TIME PERIOD	SHIFT DIFFERENTIAL
4:00 P.M. TO 12:00 midnight	3.5%
12:00 midnight to 8:00 a.m.	5%

Shift differential will be paid on regular hours worked to the employee who actually works the evening or early morning schedule on any particular day.

8.7 Attached hereto and made a part hereof are: Exhibit "A-1" through "A-3", all of which are titled "Schedule of Wage Rates."

8.8 Attached hereto and made a part hereof is Exhibit "B", titled "Job Definitions".

8.9 Attached hereto and made a part hereof is Exhibit "E", titled "Standby Duty".

ARTICLE 9: HOURS AND OVERTIME

9.1 All Regular employees will receive full-time employment for each workweek employed, provided they report for duty and are capable of performing their work. This is not to be interpreted that the City does not retain the right to lay off or release employees on account of lack of work or other valid reason at the end of the workweek.

9.2 Each employee shall report for work at the employee's regularly established headquarters and shall return thereto at the conclusion of the day's work and the time spent in traveling between such headquarters and the job site shall be considered as time worked.

9.3 A workweek is defined to consist of seven (7) consecutive calendar days, Sunday through Saturday, and, except as otherwise provided herein, a basic workweek is defined to consist of five (5) consecutive workdays of eight (8) hours each, Monday through Friday. The regular work hours shall be 7:00 a.m. to 11:00 a.m. and 11:30 a.m. to 3:30 p.m. Notwithstanding the foregoing, the regular lunch period may be advanced or delayed up to one (1) hour without the payment of overtime compensation. The City shall provide the means of transportation and pay for time required to transport employees for the purpose of consuming their lunch only when adverse weather conditions exist at the job site. Whenever it becomes necessary for any employee to attend first-aid meetings, safety meetings, or formal training sessions, such employee's work hours and/or work days may be changed only for the duration of such requirements in order to allow the employee to attend. Any such work schedule change shall not be construed as meeting any of the definitions of Section 9.6, nor require payment pursuant to Section 9.7.

9.4(a) Notwithstanding the provisions of 9.1 and 9.3, employees engaged in service work and Redding Power Plant Maintenance Mechanics and Instrument & Electrical Technicians may be

assigned to any hours and/or days of work, providing the schedule is regularly established to be of not less than four (4) weeks duration. By mutual agreement, the employee and City can agree to less than four (4) weeks duration.

9.4(b) Notwithstanding the provisions of 9.1 and 9.3, Power Plant Operators, Power Plant Equipment Operators, Power Plant Utility Workers, and Power Plant Warehouse Workers' may be assigned to any hours and/or days of work, providing the schedule is regularly established to be of not less than one (1) week duration. Power Plant Relief Operators' may be assigned to any hours and/or days of work. By mutual agreement, the employee and City can agree to less than one (1) week duration.

9.4(c) Notwithstanding the provisions of 9.1 and 9.3, employees classified as Power Plant Operator and Power Plant Equipment Operator may be assigned to work a schedule commonly known as a "seventy-six and eight." Such schedule may from time to time be modified in accordance with the provisions of this Memorandum of Understanding. Notwithstanding 9.4(b), the Power Plant Relief Operator may be assigned to different work days upon seventy-two (72) hours notice and may be assigned to different shift start and stop times upon twenty-four (24) hours notice.

9.4 (d) Any work shift other than as established in 9.3 as provided in 9.4(a), 9.4(b), or 9.4(c) shall consist of eight (8), ten (10), or twelve (12) consecutive hours as applicable, with a meal taken near the middle of the shift, providing the work shift begins prior to 6:00 a.m. or later than 12:00 noon. The work shift starting time shall not vary by more than two (2) hours throughout the basic workweek. Establishment of hours and days of work other than as in 9.3 shall be limited to the needs of the service.

9.5 Notwithstanding anything contained herein, any schedule of days and/or hours of work may be established by mutual agreement between the employee, the Union, and the City's Labor Relations Representative.

9.6 Overtime is defined as (a) time worked in excess of forty (40) hours in a workweek, (b) time worked in excess of eight (8), ten (10), or twelve (12) hours as applicable on a scheduled workday, (c) time worked on a non-workday, (d) time worked outside of regular hours on a workday, and (e) time worked on a holiday. Overtime shall be computed to the nearest one-quarter (1/4) hour. For those employees who work a "seventy-six and eight" schedule, paid time off will count toward the calculation of overtime, but only during the week which includes forty-nine (49) regularly scheduled hours, and only when the employee works the hours paid as overtime.

9.7 Except as otherwise provided in this section, overtime compensation shall be paid at a rate equivalent to two (2) times the regular rate of pay. Overtime pay at double the employee's regular pay rate shall continue until the employee is released from duty or the beginning of the employee's regular work hours, whichever occurs first. Notwithstanding the foregoing provisions on compensation for overtime work, an employee may at the employee's option, providing it is legally permissible, elect to receive time off with pay at the same rate of time off for each overtime hour worked as the employee's compensation rate would have been. The maximum compensatory time off accrual shall be one hundred and sixty (160) hours. Compensatory time off with pay shall be scheduled in the same manner as vacations are normally scheduled.

9.8 Notwithstanding the provisions of 9.6 and 9.7, for those employees who work a "seventy-six and eight" schedule, overtime compensation during regularly scheduled hours,

including briefing time up to one-quarter (1/4) hour, shall be compensated at two (2) times the employee's regular rate of pay.

9.9 If an employee performs overtime work immediately following the end of the employee's regular shift no travel time shall be paid. Employees who are required to report for work on their non-workdays, or on holidays they are entitled to have off, or outside of their regular hours on workdays, or returning to work from a rest period, shall be paid overtime compensation for the actual time worked, including one-half (1/2) hour travel time each way, but in no event for less than two (2) hours compensation each time an employee is required back to work except in the instance where the work continues into regular work hours. If an employee who is called out for such work outside of the employee's regular hours on a workday continues to work into the employee's regular hours, the employee shall be paid overtime compensation only for the actual time worked and travel time one way. Notwithstanding the above, the Power Plant Relief Operator is not subject to this language when appropriate notice as defined in 9.4(d) is provided.

9.10 Overtime shall be distributed as equally as is practicable among those employees who are qualified and available, and the City shall not require employees who have worked overtime to take equivalent time off during a workday without pay.

9.11 Notwithstanding the provisions of 9.3, the City's Labor Relations Representative and the Union's Business Representative may agree to a workweek or work hours other than as defined in 9.3 during the term of this Memorandum of Understanding.

9.12(a) If an employee has worked for eight (8) hours or more at the overtime rate during the sixteen (16) hour period immediately preceding the beginning of the employee's regular work hours on a workday the employee shall be entitled to a rest period of eight (8) consecutive hours on the completion of such overtime work. Notwithstanding the above, at the discretion of the Director or his/her designee, for safety purposes an employee may be excused from a portion of their regular shift with pay. This determination would be on a case by case basis.

9.12(b) There shall be included as part of the eight (8) hours worked at the overtime rate in such sixteen (16) hour period any travel time and meal time to which the employee is entitled when overtime work is performed except that any travel time and meal time to which the employee is entitled after being dismissed from work shall not be included as hours worked in such period, but it shall be included in the computation of the eight (8) hour rest period.

9.12(c) Hours worked prior to any eight (8) hour rest period in which the employee does not work shall not be included in computing another period of overtime work.

9.12(d) If the eight (8) hour rest period in whole or in part overlaps the employee's regular work hours the employee will receive pay at the straight rate for the extent of the overlap. Time taken during such overlap for any meal to which the employee is entitled shall be paid at the overtime rate.

9.12(e) If the employee is called back to work during the employee's eight (8) hour rest period a new rest period will commence at the conclusion of such work.

9.12(f) (1) If the rest period overlaps the employee's regular work hours but does not extend into the second half of the employee's workday, the employee may be excused from reporting for work until the beginning of the second half of the employee's workday, and the employee will be paid for the time between the

expiration of the rest period and the end of the first half of the employee's workday.

- (2) If the rest period extends into the second half of the employee's workday, the employee may be excused from reporting for work until the following workday, and the employee will be paid for the time between the expiration of the rest period and the employee's regular quitting time on such day.
- (3) An employee, except for employees assigned to the Redding Power Plant, unless otherwise instructed, shall be deemed to be excused from reporting to work for the period between the end of the employee's rest period and the reporting time as designated by the applicable subdivision.

9.12(g) An employee entitled to a rest period may be required to work during regular work hours on a workday without having had a rest period of eight (8) consecutive hours, in which event the employee shall be paid at the overtime rate for all work performed until the employee has been relieved from duty for at least eight (8) consecutive hours. Whenever an employee is required to work during regular work hours and through an earned paid rest period, the employee shall be entitled to pay at three (3) times the employee's regular rate of pay.

ARTICLE 10: SENIORITY

10.1 Seniority is defined as total length of continuous service with the City except for the purpose of promotion and transfer as outlined in Article 11. In determining an employee's seniority the continuity of the employee's service will be deemed to be broken by termination of employment by reason of (1) resignation, (2) discharge for cause, (3) layoff for more than six (6) consecutive months, (4) failure to return immediately on the expiration of a leave of absence or acceptance of other full-time employment while on leave, or (5) absence without pay, without a leave of absence, in excess of three (3) consecutive workdays. Continuity of service will not be broken and seniority will accrue when an employee is: (a) inducted, enlists or is called to active duty in the Armed Forces of the United States, or service in the Merchant Marine, under any Act of Congress which provides that the employee is entitled to re-employment rights, (b) on duty with the National Guard, (c) absent due to industrial injury (d) on leave of absence or (e) absent due to layoff for a period of less than six (6) consecutive months.

ARTICLE 11: PROMOTION AND TRANSFER

11.1 Except as otherwise provided in this section for the entry-level positions of Power Plant Utility Worker, Power Plant Auxiliary Operator, and Power Plant Warehouse Worker when new positions or additional positions are created, or vacancies other than temporary vacancies occur, in positions within the bargaining unit for whom Local Union 1245 is the exclusive representative, the City shall fill such positions from qualified pre-bid employee applications, if any. In filling such positions, the City shall give preferential consideration to Regular employees as defined in 7.2, who are within the bargaining unit covered by this Memorandum of Understanding, in the sequence set forth below. When employees in the same preferential sequence as provided in (a) through (c) are each qualified by knowledge, skill, efficiency, adaptability and physical ability for appointment to the position vacancy, the pre-bid of the employee with the most seniority in an IBEW Local 1245 bargaining unit shall be given preferential consideration for appointment. For each entry-level position vacancy which occurs, the City may refrain from following the procedures set forth herein and may select any applicant for an entry-level position vacancy which in the judgment of the City is best-qualified for said position vacancy.

(a) Pre-bids made by Regular employees who are in the Department in which the vacancy exists who hold a classification equal to or higher than that in which the job vacancy exists.

(b) Pre-bids made by Regular employees who are in the Department in which the vacancy exists who are at the top rate of pay of the next lower classification in the normal line of progression.

(c) Pre-bids made by Regular employees who are in the Department as applicable in which the vacancy exists who hold classifications other than those listed above.

Whenever the City is unable to fill any position vacancy covered by this Memorandum of Understanding as set forth above, the City shall give consideration to those employees who are qualified and covered by any other Memorandum of Understanding between the City and the Union, prior to the City employing any other person for a position covered by this Memorandum of Understanding.

11.2 The City shall in not more than twenty-one (21) working days from the date the position vacancy is filled, post on the designated bulletin boards a notice regarding the disposition of the position with the name of the applicant selected, and mail a copy of such notice to the Union's Business Representative together with a list of all applicants for the position.

11.3 Any Regular employee of the City as defined in 7.2 may submit a pre-bid on any existing job classification and location for which the employee desires consideration. The pre-bid must be submitted on a form provided by the City's Personnel Office. At the time the form is delivered to the Personnel Office, it will be dated and receipted and a copy provided to the employee. The City shall not consider original pre-bids for any position vacancies which are submitted less than eight (8) calendar days prior to the filling of a job vacancy. Pre-bids will be valid until such time as the employee changes classifications, or until fifteen (15) calendar days have elapsed from such time as the employee rejects a permanent appointment to the classification and location on which the pre-bid is made.

11.4 Notwithstanding anything contained herein, the City need not consider the pre-bid application of any employee who does not possess the knowledge, skill, efficiency, adaptability, and physical ability required for the position for which the application is submitted. For purposes of determining employee qualifications, the City may utilize examinations. When the City intends to appoint an employee to a vacancy in preference to an employee with greater seniority, as specified in 11.1, the City shall notify Union's Business Representative of its intent prior to such appointment.

11.5 Whenever a vacancy occurs in any job classification, the City may, at its discretion, temporarily fill such vacancy. If practicable, the City shall fill such temporary vacancy with the employee who would be most eligible therefor under the provisions of this Article. If the temporary vacancy lasts for forty-five (45) calendar days or more, and the City elects to temporarily fill such temporary vacancy, the City shall select the employee who would be most eligible therefor under the provisions of this Article and shall fill such temporary vacancy by temporary reclassification of the selected employee.

11.6 A temporary vacancy is one created by additional workload, or an employee's absence from work due to illness, disability, vacation, leave of absence, or a vacancy of less than six (6) months duration.

11.7 All appointments filled by promotion or transfer of a City employee shall be on a probationary basis for six (6) calendar months for the purpose of determining qualifications and fit for the position. At any time during the probationary period, either the employee or the City may terminate the appointment. If an appointment is terminated, the employee shall be returned to either the employee's previous classification and wage rate, or some other classification that is mutually satisfactory to both the employee and the City. If an appointment is terminated, the City need not give further consideration on that classification and location for a period of one (1) year to the employee who did not successfully complete the probationary period.

11.8 Notwithstanding anything contained in this Article, the City's Labor Relations Representative and the Union's Business Representative may agree to other provisions during the term of this Memorandum of Understanding.

11.9 At the discretion of the City, non-unit employees may be placed into the bargaining unit under the following conditions:

(a) The non-unit employee must have previously been employed by the City in a classification in the bargaining unit.

(b) The non-unit employee must be placed in a classification in the unit which is no higher than the previous classification held.

(c) With the exception of the initial three (3) calendar months out of the bargaining unit, seniority accrued by the non-unit employee shall not be recognized for the purposes of this Article only.

(d) The non-unit employee must be placed in a vacant position and may not displace, demote, or cause the layoff of another unit member.

(e) After placement in the unit, the employee may not be promoted to a higher classification within the unit until the employee has served at least one (1) year in the bargaining unit. After completion of one (1) year of service back in the bargaining unit, the employee's previous seniority accrued while in the unit and the initial three (3) calendar months while out of the bargaining unit, shall be combined with the new year of seniority for purposes of the provisions of this Article.

11.10 Attached hereto and made a part hereof is Exhibit "C" titled "Lines of Progression."

ARTICLE 12: DEMOTION, DISPLACEMENT, AND LAYOFF

12.1 When it becomes necessary for the City to lay off Regular employees, the City will give employees involved as much notice as possible; but in no event will such employees receive less than two (2) weeks notice of layoff. Where probationary or temporary employees are to be laid off, no notice of layoff need be given.

12.2 Layoff in all cases due to lack of work will be determined by an employee's seniority. An employee whose job is being eliminated may elect to displace an employee in a lower paid

classification if qualified to perform the duties of the lower paid classification and if the employee's seniority is greater than that of the employee in the lower paid classification.

12.3 Regular employees who are laid off will be given preference in filling future vacancies for a period up to six (6) months, providing they keep the City advised of their current address.

12.4 Notwithstanding the provisions of this Article, the City's Labor Relations Representative and the Union's Business Representative may agree to other procedures during the term of this Memorandum of Understanding.

12.5 Non-unit employees may be placed in the bargaining unit at management's discretion pursuant to the provisions of Section 11.9.

ARTICLE 13: LEAVE OF ABSENCE

13.1 Leave of absence may be granted to Regular employees by the City Manager for urgent and substantial reasons, up to a maximum of one year (except when the employee is receiving long term disability benefits in which case a time limit of five (5) continuous years shall apply), providing satisfactory arrangements can be made to perform the employee's duties without undue interference with the normal routine of work. Inability to return to work after an employee's sick leave has been exhausted will be considered as an urgent and substantial reason and in such cases a leave will be granted.

13.2 A leave of absence will commence on and include the first workday on which the employee is absent and terminates with and includes the workday preceding the day the employee returns to work.

13.3 All applications for leave of absence shall be made in writing except when the employee is unable to do so. The conditions under which an employee will be restored to employment on the termination of leave of absence shall be clearly stated by the City in conjunction with the granting of a leave of absence. Upon an employee's return to work after a leave of absence, the employee will be reinstated to the employee's former position and working conditions, providing that the employee is capable of performing the duties of the employee's former position, except that if there has been a reduction of forces or the employee's position has been eliminated during said leave, the employee will be returned to the position the employee would be in, had the employee not been on a leave of absence.

13.4 An employee's status as a Regular employee will not be impaired by such leave of absence and the employee's seniority will accrue.

13.5 If an employee fails to return immediately on the expiration of the employee's leave of absence or if the employee accepts other full-time employment while on leave, the employee will thereby forfeit the leave of absence and terminate the employee's employment with the City.

13.6 An employee on a leave of absence as provided herein shall not accrue vacation or sick leave benefits nor maintain group insurance coverage. An employee may, however, at the employee's option and expense, maintain the employee's group insurance coverage providing the full monthly premium is received in the Finance Department of the City on or before the first day of the month for which the premium is intended. Notwithstanding the above, however, if the leave of absence is as a result of exhaustion of sick leave benefits an employee's group insurance may be

maintained for up to six (6) calendar months on the normal premium-sharing formula pursuant to Article 21.2, providing the employee pays the employee's share of the premium on a timely basis. If the leave of absence is as a result of a work-related disability, the employee may elect retiree health benefits pursuant to Article 21.3 until such time as the employee is eligible for retirement.

13.7 Except for the one (1) year limitation of 13.1 and the prohibition on other employment of 13.5, a reasonable leave of absence may be granted by the City Manager to an employee for up to a maximum of three (3) years to serve as a steward or officer of the Union or of any statewide or national employee organization with which the Union is affiliated pursuant to Government Code section 3558.8.

ARTICLE 14: EXPENSES

14.1 Whenever an employee uses the employee's personal automobile for the City's convenience, the employee will be reimbursed therefor at the same rate per mile as established for non-represented City employees.

14.2 Whenever an employee is required to change the employee's residence from one locality to another for the City's convenience, the City will provide means of moving the employee's household goods.

14.3 Employees who are assigned to temporary work at such distance from their regular headquarters that it is impractical for them to return thereto each day, or to their regular place of abode, will be allowed actual personal expenses for board and lodging for the duration of such assignment, provided they board and lodge at places to be designated by the City. The time spent by such employees in traveling to such temporary job at its beginning, to and from home on holidays and weekends, and from such temporary job at its conclusion and any reasonable expense incurred thereby will be paid by the City.

14.4 If the City requires an employee to perform work for one and one-half (1-1/2) hours or more beyond regular work hours, it will provide the employee with a meal and with meals at intervals of approximately four (4) hours, but not more than five (5) hours insofar as it is possible for the City to do so. The cost of any meal and the time necessarily taken to consume same will be at City's expense.

14.5(a) If City requires an employee to perform work outside of regular hours on either workdays or on non-workdays, the City will provide meals at intervals of approximately four (4) hours, but not more than five (5) hours insofar as it is possible for the City to do so and for as long as the work continues. The cost of any such meals and the time necessarily taken to consume same will be at the City's expense. Where any such work extends into regular work hours on workdays, the foregoing provisions shall be operative until such time as the employee is released from work for the day, providing, however, that such work period starts at least two (2) hours or more before the regular starting time, and provided further that the employees have not been given notification of the overtime work prior to the end of the preceding regular work shift.

14.5(b) When employees are given notice by the end of the preceding work period, and such work period starts at least two (2) hours but no more than four (4) hours before the regular starting time, the normal lunch practices of releasing the employee from duty without pay for one-half (1/2) hour to consume a meal at the employee's own expense will be followed. Following consumption of the employee's first meal, the City will provide meals at intervals of approximately four (4) hours but not more than five (5) hours thereafter, as set forth above in Section 14.5(a)

14.5(c) When employees are given notice by the end of the preceding work period, and such work period starts less than two (2) hours before the regular starting time, the normal lunch practices of releasing the employee from duty without pay for one-half hour at approximately the usual meal time to consume a meal at the employee's expense will be followed.

14.6 When work is to be performed during regular work hours on non-workdays and the employee is given notice by the end of the preceding work period, the normal lunch practices will be followed on such days.

14.7 The City shall pay the cost of any meal which it is required to provide, in accordance with this Article, and shall consider as hours worked the time necessarily taken to consume such meal, except, however, that when a meal is taken at City's expense following dismissal from work the time allowance therefor shall be one (1) hour. If an employee who is entitled to a meal under the provisions of this Article upon dismissal from work does not accept such meal the employee shall nevertheless be entitled to such time allowance of one and one-half (1½) hours. If an employee who is entitled to a meal under the provisions of this Article does not accept such meal, the employee shall nevertheless be entitled to such time allowance of one-half (½) hour for each meal missed except for a meal due at the end of the work period. The City will provide a thirty-eight dollar and fifty cent (\$38.50) meal allowance in the employee's paycheck for any meal required by the provisions of this Article.

14.8 Notwithstanding the provisions of Sections 14.4, 14.5(b), 14.5(c) and 14.7, employees assigned to the Redding Power Plant will not be allowed to leave their work site to consume their meals without City approval.

14.9 Whenever any employee is entitled to payment for meals required under the provisions of this Article, such payment shall be made with the employee's regular salary check.

ARTICLE 15: SICK LEAVE

15.1 Sick leave with pay shall be accrued as follows:

(a) Regular employees shall accrue sick leave at the rate of four hundred sixty ten-thousandths (.0460) of an hour for each regular hour worked, or while on paid leave. (Accrual rate approximately one (1) day per month, or 3.68 hours per pay period) Such employees working a regular shift of 12 hours (seventy-six and eight schedule) shall accrue sick leave on a total of eighty (80) hours per pay period provided that the employee works or is on paid leave a minimum of eighty (80) hours during such pay period.

(b) Full-Time Temporary employees (Status 7) will accrue paid sick leave at a rate of one hour for every 30 hours worked which is equivalent to a rate of .033 per hour worked. Full-Time Temporary employees (Status 7) will be eligible to use the sick leave accrual on the 90th day of employment, and will be limited to 24 hours or three days of paid sick leave in each year of employment per California state law. A minimum increment of sick leave usage is two hours.

15.2 Sick leave shall be allowed for an absence due to the following reasons:

- (a) The inability of an employee to be present or perform the employee's duties because of personal illness, off duty injury, or confinement for medical treatment;
- (b) Personal medical or dental appointments, which are impracticable to schedule outside of regular working hours,
- (c) The need to be present during immediate family members' illness or disability for up to a maximum of forty-eight (48) hours per calendar year. "Immediate family" member means those listed in the Funeral Leave provisions of this Memorandum of Understanding;
- (d) The need to be present during childbirth, surgery, critical illness or injury involving members of the immediate family for up to forty (40) hours per incident.

15.3 Management may require satisfactory evidence of sickness or disability before payment for sick leave will be made. The City may also require an employee requesting to return to work after sick leave or leave of absence for medical reasons to submit to a medical examination by a physician or physicians approved by City for the purpose of determining that such employee is physically fit and able to perform the duties of the employee's former position without hazard to the employee, or to the employee's fellow employees, or to the employee's own permanent health. Such examination or examinations shall be at the sole expense of the City. Whenever there is reason to suspect any employee of abusing the employee's rights to sick leave with pay, the parties shall cooperate in controlling such employee abuse.

15.4 If a holiday which an employee is entitled to have off with pay occurs on a workday during the time an employee is absent on sick leave, the employee shall receive pay for the holiday as such, and it shall not be counted as a day of sick leave.

15.5 Any employee who after ten (10) years of continuous service to the City terminates employment shall be paid at the employee's regular pay rate for thirty-three and one-third percent (33-1/3%) of the employee's accumulated sick leave hours. For employees with fifteen (15) years or more but less than twenty (20) years of continuous service, the percentage set forth above shall be increased to forty-five percent (45%). For employees with twenty (20) years or more continuous service, the percentage set forth above shall be increased to sixty percent (60%).

Effective September 20, 2011, or when the appropriate VantageCare contract amendment has been executed, upon retirement, any sick leave pay out the employee is eligible to receive will be transferred into the VantageCare Retirement Health Savings Plan on a pre-tax basis. The sick leave pay out amount will be calculated using the percentage levels described in the paragraph above. However, if the sick leave payout is less than \$5,000, then the employee is not entitled to participate in the VantageCare Retirement Health Savings Plan and shall receive a cash out payment as described in the paragraph above. Any sick leave amount remaining will be used as service credit toward the employee's retirement benefit through CalPERS, pursuant to the contract between the City of Redding and CalPERS.

15.6 Whenever any employee exhausts all categories of paid time off as a result of a non-work-related illness or injury, with approval of the employee's Department Director, the Personnel Director and the City Manager, an employee may receive up to eighty (80) hours advanced sick leave with pay. If the employee returns to duty, such advanced sick leave shall be returned to the City from subsequent sick leave accruals. If the employee terminates City employment, such

advanced sick leave shall be repaid to the City from any funds due the employee by the City. If insufficient funds are due the employee by the City, the employee shall directly reimburse the City for advanced sick leave in excess of the funds, if any, previously withheld. Such direct reimbursement will be waived for employees who are terminally ill or totally disabled (100 percent).

ARTICLE 16: FUNERAL LEAVE

16.1 Regular and Full-Time Temporary employees who are absent from work due to the death of a member of the employee’s “immediate family” shall receive compensation at the regular rate of pay for the time necessary to be absent from work, but not to exceed forty (40) working hours. “Immediate family” as used herein includes only employee’s spouse or registered domestic partner; or children, grandchildren, brothers, sisters, parents or grandparents of employee or spouse; or other persons who are living in the employee’s immediate household. The relationships included herein shall apply whether by blood or marriage. Employees are allowed to take up to five (5) total work days due to the death of the employee’s “immediate family” in accordance with Government Code section 12945.7. Employees who have exhausted their allowance of paid leave as provided in this section may request to utilize sick leave, vacation or compensatory time off or unpaid leave if the employee wants to take additional time off up to the five (5) total work days of leave provided. Such bereavement leave for immediate family as provided in this section need not be taken in consecutive days, but must be used up within three (3) months of the date of the death of the immediate family member.

16.2 Regular and Full-Time Temporary employees who are absent from work to attend the funeral of a person other than an immediate family member shall receive compensation at the regular rate of pay for the time necessary to be absent from work, but not to exceed one (1) regularly scheduled work day. A maximum of three (3) work days may be utilized in a calendar year.

16.3 An employee must be in a paid status on both workdays immediately adjacent to funeral leave in order to receive pay for such leave.

Employees with greater seniority will be given preference over those with less seniority in the selection of a vacation period, provided, however, that if the senior employee splits the employee's vacation by requesting less than a full year's allowance to be scheduled on consecutive workdays, the employee's preferential rights shall only apply on one period in that calendar year prior to all other employees being given consideration in the selection of their first choice vacation period. The City will notify employees of vacation approvals or denials within a timely manner after employees submit their vacation selections.

18.3(b) Notwithstanding the foregoing provisions of Section 18.3(a) vacations for employees assigned to the Redding Power Plant may be scheduled at the convenience of the City.

18.4 The City shall not require an employee to take the employee's vacation in lieu of sick leave or leave of absence on account of illness.

ARTICLE 19: INCLEMENT WEATHER PRACTICE

19.1 Regular employees who are unable to work in the field because of inclement weather or other similar causes will receive pay for the full day, provided they have reported for duty. During such day they may be held pending emergency calls, may be given first aid, safety or other instruction or they may be assigned to perform miscellaneous duties in sheltered locations.
