

Job Posting: Maintenance Electrical Worker (Journeyman Lineman)

Job Type: Full-time

Salary: \$59.85/hour

Location: Travis Air Force Base, CA

City Light & Power, Inc. (CLP) is seeking qualified **Maintenance Electrical Workers (Journeyman Lineman)** to work on the electrical system at our Travis Air Force Base location. CLP has built a reputation as an innovative, reliable, and responsive private Utility Development Leader.

If you're looking for a long-term, stable Lineman position with an excellent benefits package, this is the place for you! CLP guarantees 40 hours of work every week; requires personnel to be on call (rotation based).

General Requirements:

- Inspect, test, repair, maintain, install, replace & operate (switch) medium & low voltage power system and related equipment.
- Repair (splice), replace, pull and terminate underground electrical cables.
- Consult manuals, schematics, wiring diagrams and engineering personnel to troubleshoot and solve equipment problems.
- Prepare and maintain reports detailing all tests, repairs, and maintenance performed.
- Utilize GPS tablets for data recording & preventative maintenance.
- Install, replace and test multifunction power meters and streetlights.
- Operate cranes, digger trucks, aerial trucks, tensioners, underdogs and equipment necessary to complete related work.
- Respond to emergency callouts, and remote assignment, to restore electrical service as needed, which may involve working in different adverse weather conditions to restore electrical service.
- Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Benefits:

Excellent benefits including paid holidays, vacation, sick, personal days, 401K, supplemental insurance, and LineCo health insurance.

Work Authorization/Union Requirements/Security Clearance:

- You must be a U.S. Citizen.
- Become signatory to local union IBEW 1245 and pay IBEW 1245 required dues.
- You will be required to obtain military base access security clearance.
- Must have valid Commercial Driver's License (CDL-A).
