## **PREAMBLE AND WITNESSETH**

WHEREAS, the parties desire to enter into an agreement relating to conditions of employment between the Company and its employees and the Union, and, to that end, accomplish fair and peaceful adjustment of disputes which may arise without work stoppages, strikes or other interruptions of the Company's business during the life of this Agreement, the parties agree that a full day's work for a fair day's pay is essential to the foregoing.

NOW, THEREFORE, is mutually agreed as follows:

## **ARTICLE I**

### **RECOGNITION**

The Company recognizes the Union as the sole collective bargaining agent with respect to wages, hours of work, and other conditions of employment for the Day Shift Lead, Lead Operator, Control Room Operator, Power Plant Technician, Day Shift Power Plant Technician, Lead Technician, I or E Technician, and Maintenance Technician classifications at its Martinez, California cogeneration plant. Excluded from recognition are office clericals, professionals, guards and supervisors as defined in the National Labor Relations Act.

## **ARTICLE II**

### **UNION SECURITY AND CHECKOFF**

A. All employees now or hereafter employed in the bargaining unit covered by this Agreement shall as a condition of employment, acquire and maintain membership in the Union on the thirty-first (31<sup>st</sup>) day following the beginning of their employment of the effective date of this Agreement, whichever is later.

B. For the purposes of this Article, membership in good standing shall mean the payment of periodic dues and the initiation of fees uniformly required as a condition of acquiring or retaining membership.

C. Any employee who desires to have the Company deduct the amount of a Union initiation fee and/or monthly Union membership dues from his/her pay and remit same to the Union shall execute an authorization card for such purposes. No deductions shall be made by the Company unless and until it receives a duly executed checkoff authorization card, the form, content and substance of which has been mutually agreed to by the Company and the Union. Moreover, no deductions for Union charges, other than for dues and initiation fees, will be effectuated under the checkoff procedure.

D. Checkoff by the Company shall commence no sooner than the first pay period in the month following the day on which the executed checkoff authorization card is received by the Company.

E. The amounts of the monthly Union membership dues and/or payments toward the Union initiation fee will be certified to the Company in writing by the Financial Secretary of the Union. A certification from said Financial Secretary which changes the amount of said dues shall become effective no later than the first day of the month following a period of thirty (30) days from the date the Company received such certification.

F. Checkoff shall be made in the first pay period of the month as aforesaid, provided there is sufficient pay available to cover the same for the full amount authorized after all deductions required by law or authorized by the employee have been made. If the scheduled deduction from Union membership dues cannot be made in that pay period the full amount of the deduction will be made from the employee's pay in the next succeeding pay period in which there is sufficient pay. Deductions will not be made in respect to any prior months' dues except when the Company, through error or oversight, failed to make the deduction in any such month.

G. No later than fourteen (14) calendar days after the deduction has been made, the Company shall remit a check for same to the Union's Financial Secretary, payable to the order of the Union. Accompanying such payment shall be a list stating the names of the employees from whose pay deductions have been made, a deduction has been made for a prior month, or no deduction has been made because of cancellation of authorization, revocation of authorization, or insufficient earnings in the pay period.

H. The Union shall indemnify and save the Company harmless against any and all claims, demands, suits, or other forms of liability that shall arise out of or by reason of action taken by the Company for the purpose of complying with any of the provisions of the Article, or reliance on any list, certification, notice, or assignment furnished under any such provision.

### **ARTICLE III**

#### **NON-DISCRIMINATION / EQUAL EMPLOYMENT OPPORTUNITY**

## **ARTICLE IV**

A. All employees within the unit covered by this Agreement who have not completed nine (9) months of employment on or after the effective date hereof shall be subject to a probationary period for the first nine (9) months of their employment within the unit. Employees absent for more than ten (10) cumulative days shall have their probationary period extended by the period of absence.

B. Seniority shall not accrue during the probationary period. Upon the successful completion of the probationary period; however, an employee's seniority shall revert back to and be calculated from his/her date of hire.

C. At any time during the probationary period, the Company may layoff, discharge, or discipline probationary employees and the Company's action with respect thereto shall not be subject to the grievance and arbitration provisions of this Agreement. An employee retained in the employ of the Company beyond the probationary period shall be considered employed on a regular basis.

Such consent shall not unreasonably be withheld.

## **ARTICLE VIII**

### **GRIEVANCE AND ARBITRATION PROCEDURE**

The word "grievance" as used in this Agreement means a complaint filed by either part to the Agreement over an alleged failure to comply with a specific provision of this Agreement and letters of Agreement and written interpretations signed by the Company and the Union.

1. Verbal Step - The employee(s) shall present their grievance to the Management within five (5) working days, excluding Saturdays, Sundays and holiday, of their awareness of the occurrence of the event causing the grievance. The Management shall respond verbally within two (2) working days, excluding Saturdays, Sundays and holidays, of receiving the complaint.

With the approval of the Plant Manager, the Union Business Representative may discuss and attempt to resolve the grievance prior to Formal Step 1. This will not preclude his involvement in subsequent steps as outlined below.

2. Formal Step 1 - If the grievance is not resolved in discussions as provided above, then within five (5) working days, excluding Saturdays, Sundays and holiday, thereafter the grievance shall be reduced to writing on an approved grievance form, which shall be signed by the aggrieved employee and the steward and presented to the Management. A copy of all such grievances will be forwarded to the Plant Manager or his designee.

The written grievance shall indicate the Article and Sections of this Agreement allegedly violated, state the facts relied upon, and indicated the remedy sought. It shall be delivered in duplicate by the steward to the Management, who shall reply in writing on the grievance form within reasonable time not to exceed fifteen (15) working days.

3. Formal Step 2 - In the event the grievance is not satisfactorily adjusted in Formal Step 1, then, within five (5) working days after receipt of the Company's Formal Step 1 answer, the Union may give written notice to the Company that it will present the grievance at a mutually agreeable time in a Formal Step 2 grievance meeting between the Union and Management. Such meeting shall be held within a reasonable time not to exceed fifteen (15) working days after receipt of the written notice.

4. Formal Step 3 - In the event the grievance is not satisfactorily adjusted in Formal Step 2, then, within ten (10) working days after the meeting in Formal Step 2, the Union may submit the grievance to arbitration by requesting, in writing, to the Federal Mediation and Conciliation Service to provide the Company and the Union with the names of seven (7) qualified persons from which one (1) will be selected to act as an impartial arbitrator. From such list of seven (7) persons, the Company and the Union shall alternately strike one (1) name until six (6) names have been eliminated, and the person whose name remains on the list shall be selected to act as the impartial arbitrator. The Union and Company shall meet within fifteen (15) working days after receipt of the list of arbitrators for the purpose of selecting an arbitrator.

Grievances or disputes, if not resolved by the parties, may be submitted to arbitration for final and binding determination. The arbitrator shall have no power to add to, subtract from, change or modify any of the provisions of this Agreement or any Agreement made supplementary hereto, but his authority shall be limited solely to the application of the provisions of this Agreement. Except as provided for in Article XX.II, nothing herein contained shall be construed to mean that negotiated wages or rates of pay for any classification, individual, or group of employees shall be subject to arbitration. It is understood that the fees and expenses of the arbitrator shall be borne equally by the parties.

Time limits may be extended upon mutual agreement of the parties

The parties agree that there shall be no suspension of or other interference with work or plant operation while the dispute is being adjusted or arbitrated.

In the event an employee is discharged, the Company shall notify the Union within one (1) working day as to the reasons for such discharge. If the employee believes that he has been unjustly dealt with, the Union may arrange a meeting with the Company within two (2) working days after the discharge. If not settled through this meeting, the Company shall render a final written decision and forward it to the Union within three (3) working days. If the Union is not satisfied with the answer, it may request arbitration in accordance with the arbitration procedure outlined in this Article.

## **ARTICLE IX**

### **NO STRIKE - NO LOCKOUT**

A. During the term of this Agreement or any written extension thereof, the Union on behalf of its officers, agents, stewards, and members agrees that so long as this Agreement or any written extension thereof is in effect, there shall be no strikes of whatsoever kind or nature (economic, sympathetic, unfair labor practice or otherwise), slowdowns, walkouts, sit-downs, picketing, boycotts or any activities which interfere, directly or indirectly, with the Company's operations. Any employee or group of employees engaging in such activity shall be subject to discipline, including suspension or discharge. Moreover, the Company, on behalf of its officers, agents and representatives, hereby warrants and agrees that there shall be no lockouts of employees covered by this Agreement for the duration of such Agreement or written extension thereof.

B. Refusal by an employee to pass through a lawful, primary picket line at a location or sites away from and not involving the Company's premises and/or places of

business shall not constitute a violation of this Agreement and no employee shall be discharged or disciplined for refusal to pass through such a picket line.

C. If at any time during the term of this Agreement or any written extension thereof a picket line is established by any labor organization (including the Union herein or any affiliate thereof) at the Company's Martinez, California premises or places of business covered by this Agreement in furtherance of a dispute with the Company, its parent company, subsidiary or affiliated companies elsewhere in the state or country, employees covered by this Agreement shall be required to pass through such picket line and perform their regular and customary job duties for the Company. The Company will determine appropriate safety measures to ensure the employees are able to travel to and from work without incident (e.g. Company provided secure parking locations, transportation to the facility, extra security measures, etc.)

D. Should any employee or group of employees engage in any conduct prohibited by Paragraph A, above, the Union agrees that upon notification thereof it will promptly advise such individuals, orally and in writing, that their activities and conduct are in violation of this Agreement, direct them to return to their jobs and cease such unlawful conduct immediately and, in addition to the foregoing, take every reasonable means which are within its power to effectuate the termination of such unlawful conduct.

E. Any claim, action, or suit for damages or injunctive relief, which is commenced by the Company as a result of the Union's violation of this Article, shall not be subject to the grievance and arbitration provisions of this Agreement.

## **ARTICLE X**

### **SENIORITY**

The term "seniority" as used in this Agreement is hereby defined as the length of continuous service with the Company and in all cases of layoff and recall shall be applied on a classification basis.

A laid off employee is eligible for recall within his classification from the layoff roster for work which the Company expects to be of twenty-five (25) workdays duration or more.

2. A laid off employee shall not accrue seniority while on layoff, except that absence due to layoff of less than thirty (30) accumulative days shall not result in any loss or adjustment of seniority.

Effective June 16, 1989, employees transferred or promoted from the bargaining unit to positions not included in the bargaining unit but within Marathon Renewable Fuels, LLC shall continue to accrue seniority for one year after the effective date of such promotion or transfer at which time seniority shall be frozen.

Employees who are to be laid off for periods in excess of one (1) week shall be notified of such layoff at least two (2) workdays prior to the effective date of the layoff.

In the event of a force reduction, the Company will determine the classifications to be reduced. The effected employee(s) may exercise seniority by bumping a lower classification if he is capable of performing the work with no additional training. In no event shall an employee bump another employee with more seniority than his own.

An employee terminated by reason of reduction in force due to lack of work shall be entitled to receive the following severance based on the below schedule:

Any employee who reports as scheduled to work and where the Company has not made reasonable efforts to notify him not to so report shall be given a minimum of four (4) hours work.

Stand-by pay of \$75 per day shall be paid to all operators during their Stand-by days based upon the 12 Hour Schedule outlined in Appendix E. Stand-by pay shall be paid regardless of whether the operator is "called in" on those days or not. However, Stand-by pay will not be paid if an operator is "called in" and does not report to the Plant as required. Any operator who fails to show-up or not respond to a call-in without a verifiable reason may be disciplined.

## **ARTICLE XII**

### **SHIFT DIFFERENTIAL**

Employees scheduled on night shifts shall receive a flat shift differential of two dollars and fifty cents (\$2.50) per hour for hours worked whether on a scheduled straight-time basis or on an overtime basis.

## **ARTICLE XIII**

### **HOURS OF WORK**

The workday shall be any period of twenty-four (24) consecutive hours beginning with the starting time of the employee's schedule work period.

The foregoing shall not be interpreted in any way as a guarantee of hours of work per day or week or the number of days per week. It is understood that at times the Company may have special jobs requiring irregular hours, making it necessary, in order to carry out and complete such jobs, to change the shift hours of an employee or group of employees,

however, all such changes require forty-eight (48) hours notice.

It is agreed that employees performing maintenance or other special assignment work may not have regular daily starting times, but will be paid their straight-time hourly base rate for the first eight (8) hours worked (exclusive of lunch period) in any period of twenty-four (24) consecutive hours, starting at 12:01 a.m. and time and one-half for all time worked in excess of eight (8) hours worked, exclusive of lunch period, in one such day. In cases where an employee's shift traverses the workday or is extended and work time crosses the day divide (from one day into the next), the employee will continue to be paid as if there had been no break in day unless the employee's next scheduled shift begins. When the employee's next shift begins, the employee shall be paid in accordance with provisions in the Agreements that define payment of regularly scheduled hours, or overtime, whichever is applicable. Overtime will be paid on the sixth and seventh workday provided the employee has worked the previous five (5) full shifts within that workweek per the overtime provision in Article XIV.

The Company will provide employees with notice of a shift change at least forty-eight (48) hours prior to the start of the new shift. Employees not so notified will work the first shift of the new schedule at the applicable overtime rate.

## **ARTICLE XIV**

Additionally, double the regular straight-time hourly base rate of pay will be paid for call-outs and all hours on the seventh consecutive day of work (it is understood that this premium will apply on a rolling basis and reset after payment). No additional 7<sup>th</sup> day premiums will be paid until a new seven consecutive days is worked. The new consecutive 7 days will not include any days previously included in calculations for which an overtime premium was already paid or the day a 7<sup>th</sup> day over premium was paid), and Holidays per Article XVII.

Nothing contained herein shall be construed to require the payment of overtime more than once for the same hours worked.

Employees are required to work such overtime as may be needed to meet the needs of production. In the event an employee is scheduled to work overtime and is unable to report for any reason, he is required to so notify the Company two (2) hours before the start of his shift allowing sufficient time to permit the Company to obtain a replacement.

The Company will make every effort to distribute overtime equally among employees in the same classification.

Employees required to work in excess of two (2) hours contiguous with his regular assigned shift will be entitled to a \$20.00 meal allowance. An additional \$20.00 allowance will be provided for each four (4) hours of work beyond and contiguous with the above.

## **ARTICLE XV**

When this occurs, there will be no adjustment in pay except where the assignment is two (2) hours or more in duration.
