Section 3.12 **Substance Abuse Policy**

The Company and the Union recognize the importance of maintaining a safe, productive and efficient work environment, and the dangers the use or abuse of alcohol, drugs and/or controlled substances can create in the electrical contracting industry. Therefore, bargaining unit employees shall be subject to the Company's Drug and Alcohol Free Workplace Policy to the fullest extent allowed by law.

To help ensure a substance-free workplace, all job applicants, subject to applicable laws and customer contract requirements, will be required to pass a drug screen before beginning work. A positive test result, a diluted test result or a refusal to test will result in the revocation of any job offer that has been extended to the job applicant and ineligibility for future employment with ST. FRANCIS ELECTRIC for a period of not less than six (6) months.

Employees covered by this Agreement are subject to drug and alcohol testing under the following circumstances, where permitted by law: reasonable suspicion, post-accident, return-to-duty, fitness for duty, post-rehabilitation, and random. A diluted test result or a refusal to test will be treated the same as a positive test result and will subject the employee to disciplinary action up to and including termination of employment.

An employee's decision voluntarily to seek substance abuse assistance prior to being identified as having violated the Company's Drug and Alcohol Free Workplace Policy will not be used as the basis for disciplinary action. On the other hand, seeking treatment will not lessen or prevent the imposition of disciplinary action where an individual has violated this policy and where the Company learns of the violation from sources other than voluntary disclosure.

3.13 Sick Time

Effective the Sunday following the ratification date of this Agreement in 2018 and each January 1 thereafter, employees will be eligible at a minimum (3) days (24 hours) of paid sick leave per California law. All other Federal and local ordinances, including, but not limited to those cities of Berkley, Emeryville, Oakland, Los Angeles and San Francisco will apply per those requirements.

If, during the term of this Agreement, the State of California adopts a requirement that increases the amount of sick leave an Employer must provide, this Agreement shall be reopened for the purpose renegotiating the sick time provision.

This requirement is a minimum requirement. At the company's option, additional sick leave may be granted.

Sick Leave shall not carry over from one calendar year to the next. The Company agrees to buy back unused sick days at the end of the calendar year. Sick leave will not be paid out upon separation from employment.

rate of eight dollars and fifty cents (\$8.50) per hour. Any increase in the required contribution set forth above that exceeds seven dollars (\$8.50) per hour will be paid from the Employee's HRA contribution.

ARTICLE XI
Business Code of Conduct

Section 11.1 All parties and employees subject to this Agreement will comply with ST. FRANCIS ELECTRIC Electrical Business Conduct Guidelines in the performance of their duties.

ARTICLE XII
Grievance Procedure

Section 12.1 A grievance is defined as any dispute or controversy regarding application or interpretation of any provision of this Agreement. Grievances shall be presented and processed as follows:

STEP 1: As soon as possible, but in no event later than five (5) calendar days from the date of the alleged violation or the date upon which the employee or union should have become aware of the alleged violation, the employee or union will notify the employee's immediate supervisor in the event of a grievance related to one or more individual employees or the Area Manager in the event of a grievance related to application of a contract provision to a group of employees of the existence of a dispute. Failure to raise a grievance within the time period set forth above, absent mutual agreement by the parties to extend this time period, will result in forfeiture of the right to grieve the particular matter. Both parties shall put forth their best efforts to resolve the Grievance at this level within 72 hours. If the Grievance is not resolved within 72 hours, the Union may take the Grievance to Step 2.

STEP 2: If a Grievance is not resolved in Step 1, the aggrieved party may appeal the issue to the Human Resources Manager in writing within seven (7) calendar days from receipt of the Company's answer at Step 1 or expiration of the time period for such response, unless the time is extended by mutual agreement of the parties. Grievances involving issues related to company policies, practices, procedures or other similar issues may be initiated at Step 2 by submitting them in writing to the Human Resources Manager. Upon receipt of the written Grievance, which should set forth the facts underlying the dispute, the specific contract provisions allegedly being violated and the resolution sought, the Company will have ten (10) calendar days within which to respond.

STEP 3: If a grievance is not resolved in Step 2, the aggrieved party may appeal the grievance to the Area Manager in writing within seven (7) calendar days from receipt of the Company's answer at Step 2 or

expiration of the time period for such response, unless the time is extended by mutual agreement of the parties. If the Grievance is not appealed within the 7 day period, it will be considered withdrawn. Upon receipt of the written appeal of the Grievance from Step 2, the Company will have seven (7) calendar days within which to respond.

Arbitration: If a grievance is not resolved at Step 3, the aggrieved party may upon written notice to the Area Manager within thirty (30) calendar days from receipt of the Company's answer at Step 3 or expiration of the time period for such response, unless the time is extended by mutual agreement of the parties, request that the grievance be submitted for arbitration. Failure to request arbitration within thirty days will result in the Grievance being considered withdrawn. Prior to submitting the Grievance to arbitration, the parties shall attempt to mediate the dispute with the Conciliation and Mediation Services at the earliest available date. If mediation is unsuccessful, the parties will jointly request a panel of arbitrators from the American Arbitration Association from which to select (either by alternately striking names until only one name remains or by mutual selection of an individual arbitrator) an arbitrator to hear the dispute.

The arbitration hearing will be conducted pursuant to the rules of the American Arbitration Association for labor arbitrations. The decision of the arbitrator will be final and binding, except that the arbitrator will have no authority to amend, modify or alter the terms of this Agreement. Unless the parties agree in writing otherwise, only one grievance will be heard at a time. The fees and expenses of the arbitrator and those associated with a hearing room at a neutral location, if any, will be shared equally by the parties. The parties may mutually agree to utilize expedited arbitration procedures.

Favored Nations

If the Union grants to any other employer, doing the same type of work covered by this Agreement in any geographical area covered by this Agreement, a contract with any wages and/or fringe benefits less favorable to the employees covered under such an agreement than any wage and fringe benefits applicable to employees covered under the instant Agreement, the Company or its successors or assigns, may at the Employer's option, incorporate into the instant Agreement any of the wages and/or fringe benefits provided for in such other contract without regard to any geographic limitations contained in such other contract. Said incorporation of more favorable terms into the instant Agreement may be done at any time by the Employer informing the Union in writing of said incorporation, and may, at the sole discretion of the Employer, be applied to any or all of the employees covered under this Agreement regardless of geographic location.

If the Union negotiates with any other employer, doing the same type of work covered by this Agreement in any geographical area covered by this Agreement, a contract with any wages and/or fringe benefits more favorable to the employees covered under said agreement than any wage and/or fringe benefits applicable to employees covered under the instant Agreement, the Company or its successors and assigns shall, upon written demand by the Union, bargain in good faith regarding increasing the wages and/or fringe benefits in the instant Agreement to the amount of any of the wages and/or fringe benefits contained in such other agreement, without regard to any geographic limitation contained in such other agreement. All provisions of this Agreement and any extensions or amendments thereto, shall remain in full force and effect throughout any bargaining pursuant to this Article.

In order to facilitate the operation of this Article, the Union agrees to furnish the Employer with copies of all collective bargaining agreements and any addendums in any geographic area covered by this Agreement between the Union and other employers which are or hereafter may become effective during the term of this Agreement.
